The \$36 million Greenview Regional Multiplex facility was made possible by Greenview, the Town of Valleyview and generous sponsors. Greenview has invested \$30 million dollars in the facility and the Town of Valleyview contributed 17 per cent in additional funding. Valleyview will be managing the day to day operations of the facility. Tomorrow's ribbon cutting ceremony will include a special thank you to all of the industry and small business partners who have contributed to the project.

The multiplex features an indoor aquatics centre with capacity for up to 354 people. It includes areas for lane swim, a lazy river, hot tub and a children's wading pool. The pool is equipped with wheel chair lifts and the entire facility is wheelchair accessible with elevator access to all floors and accessible change room and shower facilities.

The second floor features fitness equipment and circuit training, along with program rooms that will be home to fitness classes like Zumba, High Intensity Training, spin classes and yoga. The third floor features a brightly lit track with views of the surrounding countryside for walking and running enthusiasts with fitness equipment for interval training spaced throughout. The fieldhouse has space for three full size gymnasiums and will be used for badminton, soccer, pickleball, floor hockey, dodgeball, basketball, and gymnastics. A top of the line industrial kitchen is available on site for hosting large events.

The celebration will continue on March 9, 2018 when the Brett Kissel "We Were that Song" Tour arrives in Valleyview for the GRM Grand Opening Concert. To purchase concert tickets, go to brettkissel.com.
