**Re: Election Communications Guidelines**

---

To ensure the Municipal District of Greenview promotes public confidence in local government elections and to protect candidates from allegations of benefit or privilege or inappropriate use of municipal resources, it is important that there be a clear delineation between the role of candidates, elected officials and municipal functions throughout the campaign period.

- No candidate shall use the services of municipal employees for any election campaign or campaign-related activities during hours in which the employees receive compensation from the municipality.
- No candidate shall use municipal resources for any election campaign or campaign-related activities.
- No candidate shall post links to personal websites or social media accounts on the Municipal District of Greenview's website or social media accounts.

Names of nominees and election results will be shared with media and the public through Greenview's website and social media. Phone numbers, web links and other personal information regarding candidates will not be posted. General information regarding the election will be communicated via Greenview's website, social media and other forms of advertising. No information promoting individual candidates will be shared.

If you have any questions please contact myself at 780-524-6103 or Greenview's Manager of Communications Stacey Sevilla at 780-524-7625.

Sincerely,

Danielle Leurebourg
