## Definitions:

Deferred contribution is a restricted contribution received or recorded as receivable but carried forward to be taken into income in future periods as the related restrictions are met.

Endowment contribution is a type of restricted contribution subject to externally imposed stipulations specifying that the resources contributed be maintained permanently, although the constituent assets may change from time to time.

Restricted contribution is a contribution subject to externally imposed stipulations that specify the purpose for which the contributed asset is to be used. A contribution restricted for the purchase of a capital asset or a contribution of the capital asset itself is a type of restricted contribution.
