REQUEST FOR DECISION

SUBJECT:	Art Gallery of Grande Prairie Presentation		
SUBMISSION TO:	COMMITTEE OF THE WHOLE	REVIEWED AND APPROVED FOR SUBMISSION	
MEETING DATE:	November 16, 2021	CAO:	MANAGER:
DEPARTMENT:	ECONOMIC DEVELOPMENT	GM:	PRESENTER: LL
STRATEGIC PLAN:	Quality of Life	LEG:	

RELEVANT LEGISLATION:

Provincial (cite) –N/A

Council Bylaw/Policy (cite) –N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the presentation from the Art Gallery of Grande Prairie for information, as presented.

BACKGROUND/PROPOSAL:

A representative from the Art Gallery of Grande Prairie will present their 2021 successes. Greenview has provided operating grant support to the Art Gallery for several years and its currently a budget line item within Community Services.

Administration has included an operating grant in the 2022 Proposed Budget.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of accepting the presentation is that Committee of the Whole will have the opportunity to review the successes the Art Gallery had over the past year and receive the intended plans and initiatives for the 2022 calendar year.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

ALTERNATIVES CONSIDERED:

Alternative #1: Committee of the Whole has the alternative to amend or take no action to the recommended motion.

FINANCIAL IMPLICATION:

There are no financial implications to the recommended motion.

STAFFING IMPLICATION:

There are no staffing implications to the recommended motion.

PUBLIC ENGAGEMENT LEVEL:

Greenview has adopted the IAP2 Framework for public consultation.

INCREASING LEVEL OF PUBLIC IMPACT

Inform

PUBLIC PARTICIPATION GOAL

Inform - To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/or solutions.

PROMISE TO THE PUBLIC

Inform - We will keep you informed.

FOLLOW UP ACTIONS:

There are no follow up actions to the recommended motion.

Project Outline

Renovations:

- new interior walls
- kitchen
- bathroom
- millwork
- flooring
- ceilings
- new LED light fixtures
- modifications to electrical, HVAC, plumbing, and the fire alarm system.

Project Benefits

The relocation to Centre 2000 will...

- address the Archives' space requirements
- provide a secure, dedicated space for our regions heritage
- enhance collection care, security, and professionalism
- increase capacity to host programs and offer services
- reduce the flood risk posed by the Bear Creek Reservoir
- compliment existing regional tourism and visitor information services
- be more visible and accessible to regional communities

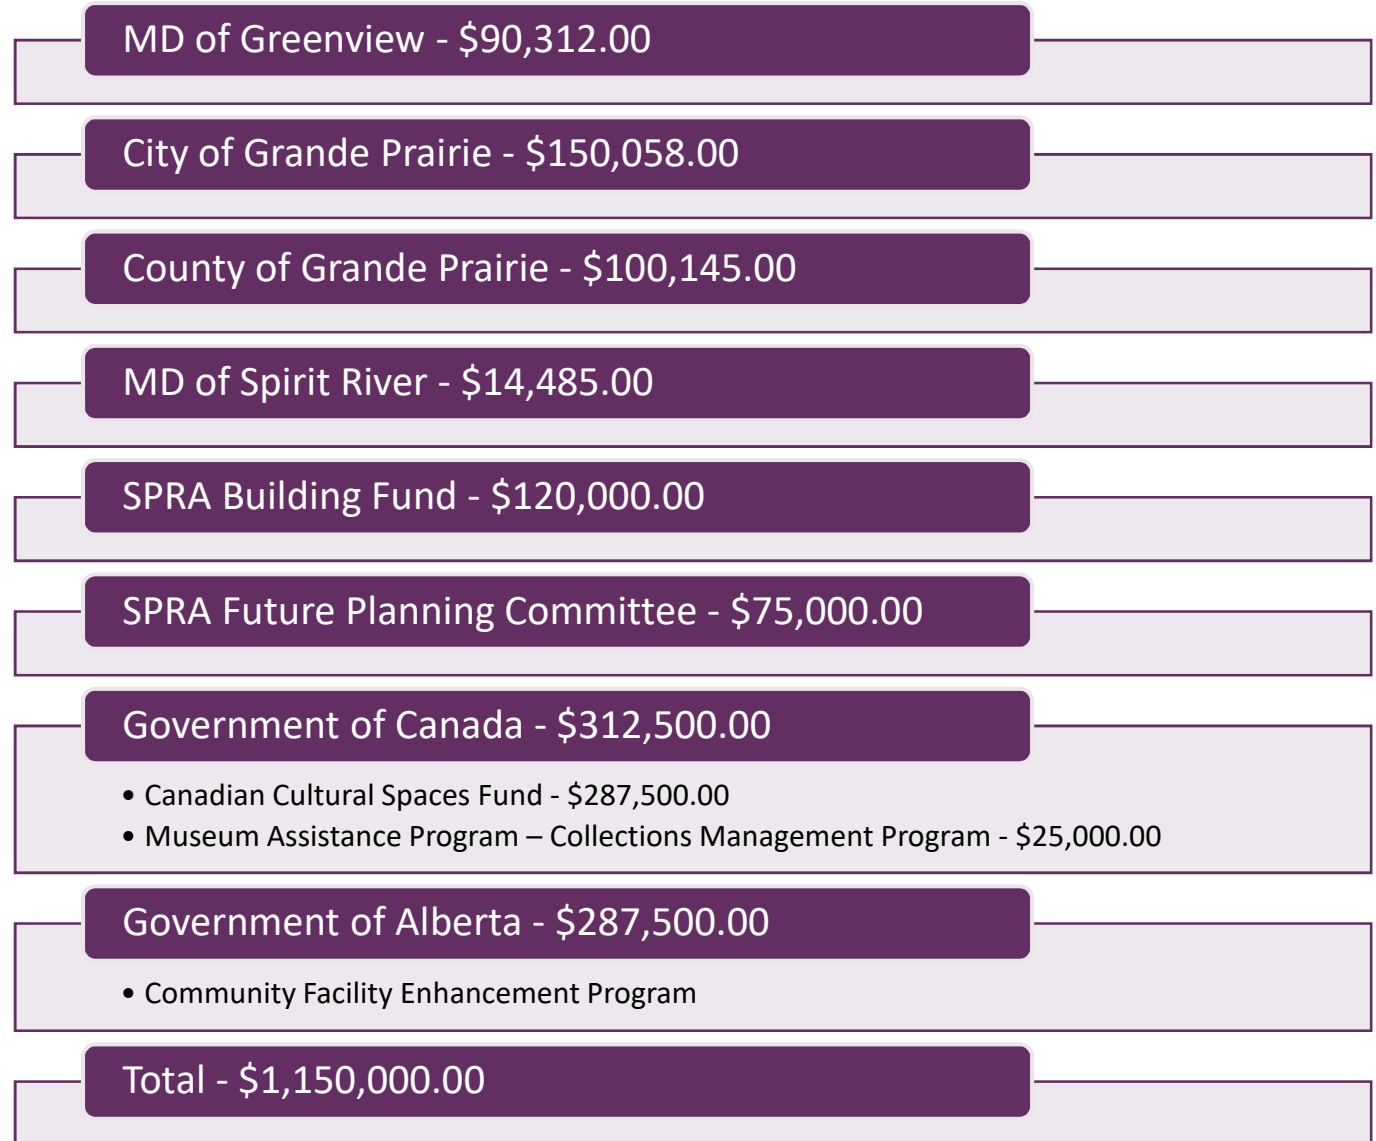

Project Timeline

Project Budget

Projected Revenue:

Project Budget

Projected Expenditures:

Construction – \$804,000.00

Building Contingencies - \$80,400.00

Professional Fees - \$56,280.00

Furniture and Equipment - \$209,320.00

Total - \$1,150,000.00

**We are requesting
a community
capital grant for
\$90,312.00.**

- Amount based on our funding formula and is 25.44% of municipal funding requests
- The support of the MD of Greenview is crucial to this project.

REQUEST FOR DECISION

SUBJECT: Shirts for PTSD June Awareness Month

SUBMISSION TO: COMMITTEE OF THE WHOLE

REVIEWED AND APPROVED FOR SUBMISSION

MEETING DATE: November 16, 2021

CAO:

MANAGER: WB

DEPARTMENT: PROTECTIVE SERVICES

GM:

PRESENTER: WB

STRATEGIC PLAN: Quality of Life

RELEVANT LEGISLATION:

Provincial – N/A

Council Bylaw/Policy – N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the presentation from The Heroes Project for information as presented.

BACKGROUND/PROPOSAL:

The month of June was Post Traumatic Stress Disease (PTSD) awareness month, Greenview Fire-Rescue Services designed and produced a custom **Help Fight PTSD T-Shirt** that was sold over the month of June to support PTSD awareness. The profits from the sales of these t-shirts will go directly to The Heroes Project, a local Grande Prairie organization that supports PTSD awareness and intervention.

BENEFITS OF THE RECOMMENDED ACTION:

1. To raise awareness of the negative and sometimes tragic effects that PTSD has on those who suffer from the disease and those who are directly impacted such as family and friends.
2. The funds raised will support The Heroes Project organization in offering much needed counselling and support to those effected by this disease.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

REQUEST FOR DECISION

SUBJECT:	Community Foundation of Northwestern Alberta Vital Signs Presentation		
SUBMISSION TO:	COMMITTEE OF THE WHOLE	REVIEWED AND APPROVED FOR SUBMISSION	
MEETING DATE:	November 16, 2021	CAO:	MANAGER:
DEPARTMENT:	ECONOMIC DEVELOPMENT	GM:	PRESENTER: LL
STRATEGIC PLAN:	Quality of Life	LEG:	

RELEVANT LEGISLATION:

Provincial (cite) –N/A

Council Bylaw/Policy (cite) –N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the Vital Signs presentation from the Community Foundation of Northwestern Alberta for information, as presented.

BACKGROUND/PROPOSAL:

A representative from the Community Foundation of Northwestern Alberta will present a snapshot of the results of the 2021 Northwestern Alberta Vital Signs survey. The 2021 Vital Signs- Reimagining Community Together, was released November 2, 2021. Data from the survey was collected from citizens in the MD of Greenview, County of Grande Prairie, City of Grande Prairie, and area communities. Vital Signs explores the quality of life across our region through over 100 indicators from 10 different issue areas focusing on quality of life and how the pandemic has impacted the region.

Greenview has provided \$10,000.00 in funding for the 2021 Vital Signs Survey and funding is included in the 2022 Proposed Budget.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of accepting the presentation is to inform Committee of the Whole of the outcome of the 2021 Vital Signs Survey and the impact it has on Greenview and the region.
-

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.
-

A Snapshot of Life in the

**City of Grande Prairie,
County of Grande Prairie
MD of Greenview
and area communities**

The Community Foundation of Northwestern Alberta acknowledges the homeland of the many diverse First Nations and Métis people whose ancestors have walked this land since time immemorial. We are grateful to work, live and learn on the traditional territory of Treaty 8.

2021 Northwestern Alberta's Vital Signs explores quality of life and well-being of our region, and its communities and citizens.

- ❑ Over 100 interconnected indicators from 10 issue areas
- ❑ Voices of 1,617 local citizens
- ❑ Through the lens of COVID-19
the UN Sustainable Development Goals

Vital Signs

- ❑ Mobilizes community knowledge and helps identify local priorities
- ❑ Supports informed decision-making and action

While the pandemic impacted all of us,
not everyone
has been impacted equally.

The digital divide.

The pandemic has **magnified**
issues and inequities
that already existed.

Women and girls have been
disproportionately affected
by COVID-19.

The pandemic has also
created new issues and
inequities.

This past 1 ½+ years have taken
a toll on our mental and physical
health – some more than others.

Reconciliation

We're into the outdoors
in a **bigger** way
than ever!

Innovation, partnerships and collaboration are strengthening our response and resilience.

Prevention Saves Money

**An ounce of prevention
equals a pound of cure**

Provincial

- The FCSS Program began in 1966
- There are **207** FCSS programs in the province, serving over 98% of Albertans.
- Funding model is a provincial/municipal partnership, with 80% provincially and minimum 20% municipally funded.

Family and Community Support Services Act & Regulation

Regional

- We are part of the Northwest region 35 programs in total
- Regional meetings are held 2x per year
- Each region has elected officials who sit on the provincial Board

Local

- Green View FCSS was formed in 1997
- Green View FCSS is two words, acknowledging the partnership between the Town of Valleyview and the MD of Greenview
- Two locations

Grande Cache Office

Green View FCSS Board

2 – MD of Greenview Councillors

1 – Town of Valleyview Councillor

4 – Members at Large

What We Do

- We provide programming and services to all ages
- Employment, mental health, domestic violence, and poverty are some of the presenting issues in our Municipality.
- Over 9000 residents benefited from accessing FCSS programs and services in 2020

How We Do It

- Alberta Works contract; job board, resume writing, employment computers
- Education and Awareness
- Seniors Supports/Advocacy
- Poverty Reduction Initiatives
- Programs are based on community need
- Information and Referral—we have many partners!!

We measure change.....

- In knowledge
- In skill
- In values
- In behaviour
- In attitude

Impact

(Community Volunteer Income Tax Program)

In 2020

➤ **639** income tax returns were
filed by volunteers

➤ **\$3 148 178.00**
back into the municipality

Impact

(Home Support)

- “I have a new friend, and I am no longer ashamed to have people over.”
- “This program has made it possible to carry on.”
- “Knowing that help is available makes a difference in the way I look at life.”

Impact

(Meadows to Mountains Homelessness Prevention Project)

- Since 2020 **32** individuals have been assisted
- **All** clients have remained housed

Impact

(Positive Youth Development)

- “The most important and favourite thing from Body Talk was learning about healthy relationships because I’m bad at those.”
- 91% of participants stated that after the KIDO program I know and understand the risks of social media
- “I know how to not hurt people when I’m angry.”

Impact

(Breakfast with the Guys)

- “I came here expecting to be preached at. My expectations couldn't be more wrong. I gained a lot of knowledge about all subjects that were discussed. I have gained confidence in this community regarding support for men's health.”

Summary

- FCSS mandate is prevention
- Municipal and Provincial partnership
- Programs are measured for success and impact

REQUEST FOR DECISION

SUBJECT: **Landcare Program Report**
SUBMISSION TO: COMMITTEE OF THE WHOLE
MEETING DATE: November 16, 2021
DEPARTMENT: COMMUNITY SERVICES
STRATEGIC PLAN: Level of Service

REVIEWED AND APPROVED FOR SUBMISSION
CAO: MANAGER: SK
GM: PRESENTER: SK
LEG:

RELEVANT LEGISLATION:

Provincial (cite) – N/A

Council Bylaw/Policy (cite) – N/A

RECOMMENDED ACTION:

MOTION: That the Committee of the Whole accept the Landcare Program Report for information, as presented.

BACKGROUND/PROPOSAL:

In 2019, Greenview initiated the Greenview Alternative Land Use Services (ALUS) program to provide a resource to ratepayers and assist them in managing water resources by hiring a Wetland Coordinator.

While the position has been vacant since 2020, Administration has reviewed the role to provide improved structure, oversight and clearly defined deliverables. The scope of the position has been expanded to include management of land and water resources, providing a municipal resource for residents wishing to improve natural resource management on their properties. With this expanded focus, Administration altered the position title to Landcare Coordinator to better reflect the proposed direction.

Landcare programming originated in Australia and is a partnership between agricultural producers, community members, non-profit organizations, and the government to improve land and water resources management. Currently, there are Landcare programs in Clearwater County and Kneehill County.

Key deliverables of the program include a minimum of 6 extension and outreach events annually, the Greenview Shelterbelt Program, Greenview Riparian Program, and assisting Greenview residents in the navigation of provincial and national grant opportunities related to land and water management.

During Administration's investigation, the County of Grande Prairie reached out to discuss the feasibility of working together to deliver joint land and water management programming. This opportunity could lead to intermunicipal land and water management opportunities and bodes well for the program's future.

BENEFITS OF THE RECOMMENDED ACTION:

The benefit of the recommended action is that the Committee will be informed as to the Landcare Coordinator and Programming.

DISADVANTAGES OF THE RECOMMENDED ACTION:

ALTERNATIVES CONSIDERED:

Alternative #1: The Committee has the alternative to alter or deny the recommended motion.

FINANCIAL IMPLICATION:

The position and associated programming are included in the 2021 budget.

STAFFING IMPLICATION:

N/A

PUBLIC ENGAGEMENT LEVEL:

Greenview has adopted the IAP2 Framework for public consultation.

ATTACHMENT(S):

- Landcare Coordinator- Proposed Structure
- Landcare Coordinator PowerPoint Presentation
- Landcare Australia

MUNICIPAL DISTRICT OF GREENVIEW

The Greenview Landcare Coordinator will create and maintain working relationships with producers and residents within Greenview to encourage better management practice adoption, positively impacting our water and land resources. By applying a collaborative model with a focus on both external and internal relationship building, the Landcare Coordinator will be able to generate extension services for Greenview residents, improve intermunicipal and interdepartmental collaboration, increase access for Greenview residents to external non-profit services, and realize external grant funding opportunities for residents to effectively promote enhanced management practices.

- a) **Riparian Projects:** *Support on-the-ground projects and provide an avenue to support producer led practice change and initiatives within the municipality.*

The Landcare Coordinator will work with ratepayers to implement better management practices within riparian areas. The vision is to create a healthy, working landscape that sustains life support systems for agriculture, rural communities, and wildlife. Priorities will include taking environmentally sensitive and ecologically significant lands out of agricultural production to provide a buffer along waterbodies. This is done by offering a completely voluntary non-regulatory program that compensates farmers for services produced from implementing buffers, restoration, and enhancement of areas on their land.

- b) **Greenview Shelterbelt Program:** *Supply Greenview residents with a cost-effective solution to source seedlings for windbreaks, privacy screens, riparian buffers or improvements, and wildlife plantings.*

The shelterbelt program will provide an opportunity to speak with ratepayers about what they intend to achieve with their plantings, potential riparian projects, wildlife plantings and planting headlands to friendly perennial plants. Shelterbelt programs are strongly supported by ratepayers in municipalities that offer them. Budgetary options for this program include true cost recovery, small profit generation, or a ratepayer subsidization model. External grant opportunities come up for planting initiatives occasionally.

- c) **Partnerships:** *By developing stronger relationships with interdepartmental, intergovernmental, non-profit organizations, industry stakeholders, and the residents of Greenview, the Landcare Coordinator will assist Greenview in navigating towards improved land and water management.*

Through administration of the Interdepartmental Working Group, the Intergovernmental Working Group, various non-profit organizations, and relationships developed within the Greenview

community, the Landcare Coordinator will be well-positioned to navigate land and water management for the betterment of Greenview as well as seize various grant opportunities when they become available.

d) Greenview Extension Programming and Services: *Ensuring that Greenview residents have access to extension services, are updated with recent developments, and most importantly, as part of a larger effort to re-establish the Agricultural Services department in the Agricultural Community.*

- Assistance for producers in accessing and being certified through the Canadian Roundtable for Sustainable Beef, Canadian Roundtable for Sustainable Crops, Environmental Farm Plan.
- Assistance to residents in accessing Provincial and National Grant Opportunities related to Land and Water Resource management
- Work cooperatively with Peace Country Beef and Forage Association, Watershed Planning and Advisory Councils, and SARDA Ag Research for the delivery of extension events
- Work to the betterment of Greenview residents by planning, delivering, and evaluating 6 extension events annually.
- Offering support and extension options to acreage owners allows the Landcare Coordinator to act as a bridge to these residents while encouraging positive management of the acreage.
- The Landcare Coordinator will develop a continuing education program based on the Land Stewardships “Green Acreages” and delivered via multiple extension offerings.

Landcare Coordinator

*Providing information, guidance and
improved resource management to
Greenview*

What is Landcare?

- A national program in Australia
 - Aims to balance sustainable land management practices with conservation
- Brought to Canada by Clear Water County
 - Clear Water Landcare
- Landcare is active in Kneehill County
 - Kneehill County Landcare Program
- What would be different in Greenview?

Greenview Landcare

- Preparing the Agricultural Sector for the Future
 - formalize water rights
 - Develop long term water management plans
 - Market Driven Sustainability initiatives
 - Agricultural Technology Integration
 - Recognize small acres = agriculture
 - Potential for municipal grant programs for practice adoption

Purpose: Provide an information and human resource to residents and the organization to actively manage land and water resources

Method

- Improve better management practice adoption by making difficult processes navigable and partner with many external organizations.

Interdepartmental Landcare Working Group

Meet as required but no less than every quarter

- Community Services
 - Problem Wildlife Officer
 - Landcare Coordinator
 - Manager of Agricultural Services
 - Outdoor Rec Assistant Manager
- Infrastructure and Planning:
 - Planning and Development
 - Construction
 - Roads

Intergovernmental Landcare Working Group

Meet as required but no less than every quarter

- County of Grande Prairie
- Greenview
- Alberta Environment and Parks
- Alberta Agriculture and Forestry

Mission

To work with the many stakeholders; interdepartmental, intermunicipal, intergovernmental, non-governmental and private landowners, to improve water quality, encourage sustainable management practices and mitigate flood and drought impacts.

Vision

- We envision that sustainable landcare management will take measure of social, environmental and economical data to work towards viable solutions.

Value 1

Change is challenging, but rewarding

- In encouraging better management practices, we aim to add resiliency to agricultural producers and the sector.

Programs, Assistance, Navigation

- Greenview Shelterbelt Program
- Long-Term Water Management Plans
- Formalize water rights
- Assistance with grant applications under various umbrellas
- Planning mitigation and riparian improvement programs
- Wetland Replacement Program
- Verified Beef Program and Canadian Roundtable on Sustainable Beef
- Canadian Roundtable on Sustainable Crops
- Stimulate small acreage production with purchase of plastic mulch applicator and tree transplanter
 - Both can be used for vegetable production. Dual Purpose

Values 2

We know it's a big elephant...

- Changing attitudes towards management from engineered solutions to land-based mitigation takes time and cooperation with many different stakeholders. Many hands make light work.

Knowledge Transfer, Hands On Opportunities

- Partnering with other organizations for agricultural and conservation-based tours
- Extension resource access- working with many NGOs for superior programming
- Clarifying the economic benefits of practice adoption
- Making acreage owners part of the conversation
 - Green Acreages Continuing Education Program
 - “Welcome to Greenview” Agricultural Awareness publication
 - Managing small acres

ALBERTA OPEN FARM DAYS

Values 3

We recognize success:

- Celebrate the Agricultural Communities achievements and the good work of residents through organization of an Annual ASB Tour and promotion of Open Farm Days

Signage, Celebrate, “Greenview Ag Stars”

- Work with Economic Development and Communications to promote Open Farm Days
- Recognize producers for BMP adoption through signage and include sites on Annual Tour
- Organize an Annual ASB Tour of Greenview
- Awards; Promote Rural Beautification, 100-year farms, Farm Family of the Year, ABP Environmental Stewardship Award winners

About > The Landcare Story

About the Landcare Movement

Landcare evolved in Victoria through an initiative of Joan Kirner, (then Minister for Conservation, Forests and Lands) and Heather Mitchell, (then President of the Victorian Farmers Federation).

With the generous support of community members, farmers and Victorian departmental officers, Heather Mitchell and Joan Kirner were able to launch 'Landcare' in a small town in central Victoria in November 1986.

Many Australian communities had already begun practising 'Landcare' decades earlier; accounts from some of our most enduring Landcare groups show grass roots environmental issues being tackled as early as the 1950s. In January 1988, Australia's first official Dunecare groups formed on the New South Wales Mid North Coast at Hat Head, Diamond Beach, Scotts Head and Diggers Beach.

In 1989, the national Landcare movement was officially recognised with Rick Farley of the National Farmers Federation (NFF), and Phillip Toyne of the Australian Conservation Foundation (ACF), successfully encouraging the Hawke Government to commit to supporting the emerging movement.

Landcare became a national programme on 20 July, 1989 in Wentworth NSW, when the Australian Government with bipartisan support, announced its "Decade of Landcare Plan" and committed \$320 million to fund the National Landcare Programme. 1989 was also the year that the national not-for-profit organisation Landcare Australia was established.

The national formation of the Landcare movement brought farmers and conservationists together to resolve environmental issues. In his speech to launch Landcare, former Prime Minister Bob Hawke AC spoke about the importance of co-operation to care for the land.

"The degradation of our environment is not simply a local problem, nor a problem for one state or another, nor for the Commonwealth alone. Rather, the damage being done to our environment is a problem for us all – and not just government- but for of us individually and together."

Over the last 30+ years, Landcare has evolved to become one of the largest volunteer movements in Australia. There are thousands of people and countless communities working together towards sustainable land use and undertaking on-ground action to protect, enhance or restore an area on behalf of the community. The Landcare model has been so successful it has been adopted in over 20 countries.

Landcare plays a leading role in advocating a balance between Australian sustainable land management practices and environmental conservation.

Landcare activities deliver a diverse range of positive environmental and community outcomes. These include the environmental protection, enhancement and conservation of land, water, waterways and coasts, natural habitat restoration to enhance biodiversity, building resilience in Australia's food and farming systems, and helping create social cohesion and wellbeing in communities.

From the coast to the country, and from urban cities to the outback, landcare's greatest asset is its people. With over 6,000 groups and 100,000+ volunteers, the landcare movement is diverse and encompasses farmers and farming systems groups, landowners, Landcare groups and networks, Traditional Owners, Bushcare and 'Friends of' groups, Coastcare, Dunecare and Rivercare groups, Landcare facilitators and coordinators, youth groups and other community groups involved in protecting, enhancing or restoring their local environment. The Junior Landcare program provides a pathway for children to become lifelong landcarers starting with early learning childhood centres through to primary and secondary schools.

What makes landcare unique to any other community movement is the very large number of active groups, and the effective partnerships created between business, researchers, natural resource management agencies, government and community. These partnerships build local community ownership of issues, unlock volunteer knowledge, capability and capacity to create better outcomes for the environment and those that seek to protect and enhance it.

In the last three decades Landcare has achieved a great deal of good work. Yet there is much more to do. With the impact of a changing climate, and natural disasters like drought, bushfires and flood, landcare has never been so important.

Landcare Australia will continue to work in partnership with multiple stakeholders to support the Landcare community so they can continue to restore and protect the environment in communities across Australia.

Landcare is about working together caring for the land to preserve our natural resources and biodiversity for generations to come. Landcare enables people to actively care for the natural environment in their community.

REQUEST FOR DECISION

SUBJECT: **2022 Strategic Business Plan**
SUBMISSION TO: REGULAR COUNCIL MEETING
MEETING DATE: October 27, 2021
DEPARTMENT: COMMUNITY SERVICES
STRATEGIC PLAN: Level of Service

REVIEWED AND APPROVED FOR SUBMISSION
CAO: _____
GM: _____
LEG: _____
MANAGER: SK
PRESENTER: SK

RELEVANT LEGISLATION:

Provincial (cite) – Agricultural Service Board Act, RSA 2000, Ch. A-10

Council Bylaw/Policy (cite) – N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole approve the 2022 Agricultural Services Strategic Business Plan, as presented.

BACKGROUND/PROPOSAL:

At the September 29th Agricultural Service Board (ASB) meeting, the Board adopted the 2022 Agricultural Services Strategic Business Plan. The plan sets out goals, strategies, actions and performance measures for the upcoming fiscal year, requiring Administration to provide the ASB and Council with an annual report.

As part of the plan's development, Administration completed an analysis of departmental strengths, weaknesses, opportunities and threats (SWOT) and a review of the 2011 and 2016 Agricultural Census to inform the plan and its goals.

Development of a strategic business plan, an annual review of the plan, and an annual report are requirements under the Agricultural Service Board Act.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of Council accepting the recommended motion is that Council is informed on the plan and performance measures for the Agricultural Services Department in 2022.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

ALTERNATIVES CONSIDERED:

Alternative #1: Council may approve, alter or deny the recommended action.

FINANCIAL IMPLICATION:

Direct Costs:**Ongoing / Future Costs:**

There are no financial implications to approving the 2022 Agricultural Services Strategic Business Plan

STAFFING IMPLICATION:

There are no staffing implications to the recommended motion.

PUBLIC ENGAGEMENT LEVEL:

Greenview has adopted the IAP2 Framework for public consultation.

INCREASING LEVEL OF PUBLIC IMPACT

Inform

PUBLIC PARTICIPATION GOAL

Inform - To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/or solutions.

PROMISE TO THE PUBLIC

Inform - We will keep you informed.

FOLLOW UP ACTIONS:**ATTACHMENT(S):**

- 2022 Proposed Strategic Business Plan

2022-2023

STRATEGIC BUSINESS PLAN

AGRICULTURAL SERVICES

Executive Summary

The Municipal District of Greenview No. 16 is in Northwest Alberta, encompassing approximately 8,151,772 acres of land. About 311,761 acres are arable land, 562,496 acres is pasture or perennial cropland and the remainder of approximately 7,277,515 acres is Crown and Municipal lands.

Greenview contains mainly gray soils in the agricultural area and a few small areas of thin black soils. It also includes three natural regions: Boreal Forest, Foothills, and the Rocky Mountains, as well as six natural sub-regions: Dry Mixed Wood, Central Mixed Wood, Upper Foothills, Lower Foothills, Alpine, and Sub-Alpine.

Annual crop production is predominant in the Valleyview, DeBolt, and Grovedale areas of Greenview. Livestock production consists of over 41,000 cattle, 400 goats, 1400 sheep, 4100 bison, 350 elk, 59,000 chickens, and five bee colonies along the South Wapiti, Little Smoky, Smoky, and Simmonette Rivers tributaries and four grazing reserves and associations. Three Hutterite Colonies comprise a small number of intensive livestock operations. The approximate number of farms in Greenview is 534, with an average of 600 acres. Total gross farm receipts in 2016 were \$106,085,000 with total farm capital sitting at \$1,087,750,000.

Greenview's resident population is over 9600 people. This population includes the Hamlets of Little Smoky, Crooked Creek, Ridgevalley, DeBolt, Landry Heights, Grovedale, Wapiti and Grande Cache. Greenview also has seven Cooperatives and Enterprises in the Grande Cache area: Wanyandie East, Wanyandie West, Victor Lake, Joachim, Susa Creek, Kamisak and Muskeg Seepee. Fox Creek, Valleyview and Sturgeon Lake Cree Nation are also within Greenview boundaries. Including the towns, all Cooperatives, Enterprises, and the Sturgeon Lake Cree First Nation, the population within Greenview boundaries is over 16,500.

Greenview's local roads are calculated at 2135.26 km and broken down as: 1942.39 km gravel and 192.87 km paved.

VISION: Greenview Agricultural Services is a focused and forward-thinking department that supports vibrant rural communities and connectivity, promotes sustainable industry growth, and fosters continuing education in the ever-evolving field of agriculture.

MISSION: The Greenview Agricultural Service Department provides education, advice, support, and guidance to all community members concerning soil and water conservation, weed and pest control, and environmental concerns. While these topics are chiefly agricultural, it is through the incorporation of the community as a whole that the industry's sustainability is realized.

VALUES:

- Growth** - Will be encouraged through support of innovation, education and community.
- Sustainability** - This Will impact all departmental decision-making through measurement of environmental, social and economic impacts.
- Stewardship** - This Will be fostered through the actions of the Agricultural Service Board (ASB), the organizations we partner with and the extension events we organize.

Our unique and widespread landscape requires an Agricultural Services department staffed by a Manager, two Coordinators, a Problem Wildlife Officer and an Administrative Assistant employed on a permanent full-time basis. In addition, Greenview hires 22-25 employees for 4-6 months to assist in running Greenview's seasonal programs. In addition, Greenview has partnered with local producer and stewardship groups for added value and assistance to our local producers: offering extension events, project planning, on-farm aid, and other complementary initiatives. These groups include:

- The Peace Country Beef & Forage Association (PCBFA): PCBFA employs four full-time employees that specialize in the fields of cattle and grazing management, animal nutrition, whole-farm systems, nutrient management, crop and soil science, and natural resources management.
- SARDA Agricultural Research is committed to a long-term program with the following objectives:
 - a) To achieve sustainable agriculture production and profit for producers
 - b) To stimulate and conduct applied research and demonstration to provide a basis for recommendations and a transfer of information and technology between research institutions, industry and local producers
 - c) To distribute information through publications of annual reports, newsletters, newspaper articles, Tradeshow, seminars, demonstrations and other available mediums
 - d) To be aware of the changing needs of producers in our community and to adjust our programs and mandate accordingly
 - e) To promote diversification into other agriculture sectors (livestock production, horticulture, and value added)
 - f) To provide an opportunity for other organizations to plan and conduct applied research, demonstrations, and extension activities in the area
- Mighty Peace Watershed Alliance (MPWA) is a multi-sector, not-for-profit society committed to planning for an ecologically healthy watershed while ensuring environmental, economic and social sustainability. Its active stakeholders and communities use consensus, adaptive management, and innovation to understand and promote living within the watershed. The MPWA's Board of Directors will report on the state of the watershed, lead watershed planning activities, promote best management practices and develop educational programs.

Greenview continues to prioritize environmental programs through various means, from assisting with establishing off-site watering systems, fencing, and tree-planting for riparian restoration to implementing successful weed management and pest control programs that help our ecosystems thrive. Today, Greenview promotes the establishment of Environmental Farm Plans, Canada Agricultural Partnership projects, and various sustainable agricultural practices through our partnerships and programming. In 2022, an increased focus on the Verified Beef Program, the Canadian Roundtable for Sustainable Beef and the Canadian Roundtable for Sustainable Crops, complimented by GAP programming to enhance the current programming suite, will be developed.

To assist with on-farm environmental initiatives, Greenview also offers local producers the use of rental equipment at reasonable rates. The Greenview Equipment fleet is one of the most comprehensive municipal program in Alberta.

As we advance into 2022, Agricultural Services plans to increase the capacity of our current programs by building off past successful events and services and furthering our environmental initiatives to create a sustainable agriculture industry within Greenview. Through our initiatives and partnerships, producers will learn about responsible stewardship decisions: decisions that not only help our environment but help our producers remain economically viable.

Department Mandate

The Manager and overall Agricultural Services Department is accountable to the Director of Community Services and provides support to the Agricultural Service Board (ASB) to implement their decisions, deliver their programming, and enforce applicable legislation. The **Agricultural Service Board Act** empowers the Board, and the Board is responsible for municipal adherence to the following legislation:

- Alberta Soil Conservation Act
- Alberta Agricultural Pests Act
- Alberta Weed Control Act
- *Support and adherence to Alberta Animal Health Act*
- *Support and adherence to Alberta Wildlife Act*
- *Support and adherence to Alberta Agricultural Operations and Practices Act*
- *Support and adherence to Alberta Water Act*

The Agricultural Services Department implements and administers the following programs in Greenview: Administration, Agricultural Service Board, Rental Program, Vegetation Management, Pest Control, Extension and Outreach, Veterinary Services and Beautification.

SWOT Analysis

Strengths

1. **Agricultural Community:** Most of the members of the local agricultural community have been in the area for many years, but there have been some new faces. The community is vibrant and supportive.
2. **Land Values:** While most of the Province is experiencing a drastic increase in land values, Greenview lands are still affordable compared to the national average.
3. **Agronomic Potential:** Greenview is one of the only places globally with room for agriculture to expand, adding to arable acres. The available land is variable in quality, ranging from CLI class 2 to class 7. There is room within Greenview for the growth of the livestock industry and crop industry.
4. **Agri -Tourism Potential:** The proximity of the City of Grande Prairie coupled with the big game hunting and ecotourism potential provides opportunities for local agricultural producers to market products directly to consumers, stimulating a local food movement and economic opportunity.

Weakness's

1. Extension: Greenview partners with three organizations to deliver research, extension and environmental monitoring to our residents. Extension efforts by these groups have met with limited success. Event turn out has been low and sustainable agriculture best management practices adoption has been sporadic.
2. Administrative Change: Greenview Agricultural Services has undergone considerable change as a department in terms of staffing, expectation and deliverability.
3. Climate Change: While arable acres are likely to increase, severe weather events are anticipated to become more frequent. Total precipitation is not anticipated to change but events will become less frequent with more precipitation at one time. Water management will become more important. Currently, Agricultural Services has made no plans to address the anticipated challenges.
4. Municipal Size: While also a strength, the size of Greenview presents challenges to delivery of services over a vast and varied landscape.

Opportunities

1. Environment: Agricultural Services can create programming to assist producers in adopting best management practices to improve their profitability.
2. Local Food: Greenview has local food producers, and this industry has ample room to grow. With support, the Greenview local food industry could be a draw for tourists.
3. Agricultural Growth: While many municipalities anticipate a loss of arable land with the advance of climate change, Greenview stands to gain arable acres. Agriculture within Greenview has the potential to grow.
4. New Crop Potentials: Greenview is well-positioned to advance new crops for Peace Region agricultural producers. Early variety soybeans, dual-purpose industrial hemp, increased acres of faba beans and peas, and quinoa produces well within the Peace.

Threats

1. Pests: While the municipality enjoys the buffer of a large green zone to assist in controlling pest pressures, the discovery of clubroot of canola, small hive beetle for beekeepers, and pea leaf weevil in area pea fields remind us that we need to stay vigilant.
2. Climate Change: Greenview will enjoy increased arable land as climate change advances, but there is expected to be less moisture in the coming years. Die-off is being witnessed in aspen stands. Fire risk could increase, and water management will become increasingly important for agricultural producers.
3. Aging Agricultural Producers: Much the same across the country, average producer ages are climbing. Consolidation of agricultural lands continues. As these producers retire, the farming community needs to hang on to their wisdom and experience.
4. Loss of Agricultural Acres: Due to the sheer beauty of Greenview, it is expected that arable acres will have more pressure to be developed. As recreational areas in the southern part of the Province become less attractive, more people will look to Greenview and the hamlets for acreages and summer homes.

1. Administration

Within Agricultural Services, Administration encompasses all staff – full time or seasonal – as well as the professional development of full-time staff. Currently, the distribution of positions throughout the department is not conducive to efficient Agricultural Service delivery.

What are the goals of the department related to Administration in 2022?

- Transfer 3 seasonal staff positions to Beautification to address increased deliverables and improve effective weed control delivery
- Increase of 0.4 FTE for a seasonal staff member to assist the Problem Wildlife Officer in control of problem wildlife
- Consistent completion of professional development courses by May annually by full-time staff to ensure full compliment for seasonal operations
- Development of departmental procedures and processes that are consistent across department
- Convert 2 seasonal positions to “Lead Hand” positions with 0.75 FTE allotment
- 0.23 FTE increase to Rental Coordinator accommodate Agricultural Plastics Recycling program
- Cross train staff to improve program deliverables and realize efficiencies

Current FTE Allotment - Agricultural Services		# Staff
5.25	Weed Inspectors 0.5 FTE	10.5
1.7	Vegetation Management 0.4 FTE	5
3.5	Beautification 0.5 FTE	7
0.52	Rental Equipment 0.52 FTE	1
10.97	TOTAL	23.5
0.23	2022 Increase: Agricultural Plastics Recycling 0.23	0
0.4	2022 Increase: Seasonal PWO 0.4	1
11.6	Potential FTE Increase of 0.63	24.5

Proposed FTE Allotment - Agricultural Services		# Staff
1.5	May-October Senior Inspectors; 3 staff @ 0.5	3
1.2	Vegetation Management; 4 staff @ 0.4	4
3	Cross Trained Staff - 6 @ 0.5	6
0.75	Lead Hand - Beautification	1
0.75	Lead Hand- Ag Services	1
0.75	Fall Beautification	1
1.6	4 Beautification @ 0.4	4
1.0	2 Beautification @ 0.5	2
0.75	Rental Equipment/Ag Plastics	1
0.4	Problem Wildlife Seasonal	1
11.70	TOTAL	24

2. Agricultural Service Board

Agricultural Service Board Act is the legislation in which the Agricultural Service Board receives their mandate. Agricultural Services is the administrator of the Agricultural Service Board.

What are the goals of the department related to the Agricultural Service Board in 2022?

- Increased participation in the Provincial ASB Resolution process- including review of resolution grading and reporting back to the Provincial Committee
- Develop policy review schedule for all ASB Policies to ensure the review submission is on schedule.
- Empower ASB Members by generating a concise orientation for Greenview Agricultural Services
- Ensure Intermunicipal cooperation continues with Intermunicipal Appeal Board

Agricultural Service Board - 2022		
Strategy	Actions	Performance Measures
a. Administration shall develop an annual Orientation presentation and document for the betterment of Greenview ASB b. Administration shall ensure the ASB is orientated to the Intermunicipal Appeal Committee before May annually. c. Administration shall inform members of professional development opportunities d. Administration shall keep the Board apprised of Provincial ASB Committee Communications and encourage members to sign up for email notifications e. Administration shall develop a policy review schedule f. Administration shall present Resolution Report Card Documents to the Board in a timely fashion	a. Deliver Intermunicipal Appeal Board orientation to members-at-large of the Agricultural Service Board b. Deliver an orientation of the ASB annually c. Ensure members are made aware of upcoming agricultural events and professional development opportunities with the inclusion of an *Upcoming Events* portion within ASB Agendas monthly d. Add the ASB board members to the email distribution list of the Provincial ASB Committee in October e. Incorporate the policy review schedule into annual reporting f. Include Resolution documentation in ASB Agendas when appropriate	- Intermunicipal Orientation scheduled and delivered before May - ASB Orientation scheduled and delivered after annual organizational meeting - # Professional opportunities attended - Increased participation and questions regarding Provincial Committee information - Resolution responses submitted to the Provincial Committee annually - Policy review schedule followed for the year

3. Agricultural Rental and Plastics Program

Agricultural Rental Equipment Program

Greenview currently has one of the most extensive municipal Agricultural Rental Program in Alberta. Previously, maintenance of this program was disorganized. This has been addressed in 2021 with an improved collaborative relationship between Greenview Operations and Agricultural Services. Scheduling improvements have also been realized, leading to improved utilization of the equipment by Greenview residents. Often, the department is asked if equipment bought for operational purposes that is never used is available for rental. This equipment would assist acreage owners considerably. Additionally, with the incorporation of a shelterbelt program, purchase of a tree planter and plastic mulch applicator could assist in stimulating local vegetable production as the equipment would be multipurpose.

Agricultural Plastics Program

Greenview intends to establish an Agricultural Plastics Recycling program. By starting small and offering to act as a hub for the south-east peace region, Greenview can mitigate administrative expenditure. By increasing the existing Rental Coordinator position to 0.75 FTE the program can be effectively delivered.

What are the goals of the department related to the Rental Equipment in 2022?

Agricultural Rental Equipment and Plastics Recycling - 2022		
Strategy	Actions	Performance Measures
g. Develop administrative oversight in partnership with Operations Mechanic	g. Generate documentation for maintenance, hazard assessment and equipment specific checklists	# of piece of equipment documentation generated
h. Incorporate underutilized operational equipment into rental program	h. Provide equipment rentals tailored to acreage owners	# of rentals of Acreage specific equipment
i. Purchase of tree planter and mulch applicator for program	i. Work with economic development to promote dual purpose equipment	# rentals of dual-purpose equipment
j. Revise Rental Policy to apply required updates	j. Incorporate weekend rate for equipment, damage deposit, equipment tracking system into policy and schedule of fees	Increase to revenues for weekend rate (1 ½ day rate)
k. Address Equipment requirements for Plastics Recycling	k. Install a bale picker on the existing 2-ton flatbed truck	# of plastic bales collected
l. Work with Environmental Services for bale storage	l. Delineate bale storage location, coordinate with County of Grande Prairie to facilitate Grovedale plastics in Clairmont	

4. Agricultural Operations

A. Soil Conservation

The *Soil Conservation Act* sets out legislated duties to preserve soil assets within municipal lands.

What are the goals of the department related to the Soil Conservation in 2022?

- Annual appointment of Soil Conservation Appeal Board incorporated into Greenview Organizational Meeting

- Canadian Land Inventory (CLI) Soil Analysis of all lands in Greenview for Agricultural Productivity capability to better delineate zones that are prime for agricultural production to inform Planning and Development decisions
- Conduct Soil Conservation Inspections as part of regular duties
- Appoint the Agricultural Coordinator and the Beautification Coordinator as Soil Conservation inspectors.
- Identify areas in Greenview that are at increased risk of significant soil erosion
- Explore the possibility of Agricultural Land Development policy.

Soil Conservation - 2022		
Strategy	Actions	Performance Measures
m. Conduct inspections more regularly n. Utilize GIS to delineate Soil conservation concerns and deliverables o. Collaborate with Infrastructure and Planning p. Initiate a shelterbelt program	m. Appoint two additional inspectors n. CLI Analysis of all acres, identification of geographical areas of concern o. Explore development of Agricultural Land Development Policy p. Deliver shelterbelt program	# inspections conducted Report for ASB and Council If appropriate, enact Agricultural Land Development Policy # seedlings planted on private land annually

B. Pest Inspections

Under the *Agricultural Pests Act*, Greenview Agricultural Services conducts seasonal inspections to track infestations, inform the Province for policy formation and forecasting, and inform our area producers. In the event a clubroot infestation is found, a Pest Notice will be issued.

Pest Inspections - 2022		
Strategy	Action	Performance Measures
q. Update Clubroot of Canola policy with new research annually r. Host an annual Pest update to inform producers s. Implement the Construction and Industry Risk Mitigation documents t. Communicate to producers through articles, face-to-face u. Inspect for the following pests annually. Legislated - Clubroot - Blackleg - Grasshopper Unlegislated - Aphanomyces - Fusarium - Verticillium wilt	q. In the event of infestation of Clubroot, issue a Pest Notice for the land in question once lab results are confirmed r. If Producer refuses to comply pest notice, enforce the Alberta Pest Control Act, utilizing out-of-Greenview contractors s. Ensure impacted landowners notified prior to harvest t. Inspect for the pests specified in county policy, record results, make summary of results available to the public through risk maps, outreach and awareness events & campaigns	# producers attending sessions, inquiring Increased length of rotation County-wide, tracked via Agriculture Canada GIS Data # of conversations with landowners # notification letters sent # fields inspected Report of positive findings # Inspectors appointed % compliance # enforcement # Information sessions hosted

What are the goals of the department related to the Pest Inspections in 2022?

- Review the Clubroot of Canola policy annually as new research becomes available
- Improve communication with area producers regarding the results of the surveys
- Ensure Intermunicipal Appeal Committee is appointed in January
- Improve Geographic Information System (GIS) data collection capabilities to realize operational efficiencies.

C. Vegetation Management

In compliance with the *Alberta Weed Control Act*, Agricultural Services aims to inspect all land in Greenview for noxious and prohibited noxious weeds. This area of programming encompasses roadside and private property control.

What are the goals of the department related to the Vegetation Management in 2022?

- Continue with full implementation of a strong weed decision matrix to provide impartiality to inspections and consistency in communications.
- Improve GIS data collection capabilities for Weed Inspections and areas of Greenview sprayed by municipal staff to realize operational efficiencies.
- Identify properties of concern by March, seasonally, begin communications
- Broadcast spray half of Greenview annually
- Offer Private spray request program throughout the municipality
- Equip all areas of the municipality to meet program deliverables efficiently
- Develop an inspection protocol and rotation in Oil Lease Areas that establishes an avenue to compliance for companies leasing multiple sites, working with Alberta Environment and Parks and Alberta Energy Regulator
- Implement 3rd party verification of spray data for improved liability risk management
- Working with Operations, provide permanent control of brush along right of ways to improve liability risk management.

Vegetation Management - 2022		
Strategy	Action	Performance Measures
v. Address known weed infestations by species	u. March/April notification of established infestations	- # repeated inspections
w. Incorporate improved GIS capabilities	v. Strong training program for Weed Communications matrix	- # infestations found
x. Adherence to Weed Comms Matrix	w. 6 staff trained as weed inspection and control staff	- # infestations controlled
y. Cross train and equip staff for improved efficacy	x. Incorporate promotion of assistance programs into all communications with landowners	- # Inspectors appointed
z. Communicate to landowners through articles, face-to-face	y. Multiple inspections of known infestations to ensure compliance	- # Information sessions hosted
aa. Promote Rural Acreage Program	z. Adjust current spray rotation to allow for geographical efficiency	- # participants in Rural Acreage Program
bb. Promote Herbicide Purchase Program		- # landowners accessing Private Spray Program
cc. Promote Weed Control Incentive Program		- Km's controlled
dd. Inspect all privately held land		
ee. Broadcast half of municipality annually		

5. Problem Wildlife

The *Alberta Wildlife Act* provides for the protection and conservation of wild animals in Alberta. It defines controls for hunting and trapping of wildlife and possession of wildlife and wildlife parts, as well as the sale, import and export of wildlife, controlled animals and endangered species. The Act impacts Greenview's Wolf Bounty program, Beaver Incentive Program and called in complaints regarding large carnivores and other nuisance wildlife.

What are the goals of the department related to Problem Wildlife in 2022?

- Provide consistent, timely and friendly ratepayer focused service to address various wildlife concerns
- Assess problem wildlife locations for potential mitigation, tours of problem areas in cases of livestock predation.
- Cultivate and grow current relationships with core organizations to increase the reach of Greenview's problem wildlife program
- Establish surveillance along Greenview's border with Woodlands County to assess potential Wild Boar locations
- Ensure Greenview infrastructure addressed to prevent costly damages
- Establish a relationship with residents allowing the passive education of individuals to potential methods to address wildlife concerns.
- Generate a GIS Map with reoccurring beaver dam locations, predation sites, trap geolocates, and harvest geolocates.
- Generate a documentation process to ensure all dam blasting considers the Greenview Dam Blasting safe work procedures and the water requirements of adjacent landowners.
- Host two extension events annually

Problem Wildlife - 2022		
Strategy	Actions	Performance Measures
ff. Build on existing relationships, cultivate new with stakeholders gg. Collaborate with Infrastructure and Planning hh. Participate in 'Squeal on Pigs' AISC campaign ii. Reduce potential for fraud related to wildlife harvest programs	aa. Implement geolocation of problem areas, traps, harvest sites bb. Develop geolocate for work orders and problem areas, to assist I & P and PWO coordination cc. Establish wildlife cam surveillance along south-east border for Wild Boar dd. Implement random harvest location inspections for Harvest program participants, request for GPS coordinates related to harvests ee. Participate in Wild Mink trapping with Alberta Environment and Parks ff. Participate in ACA Walleye dam removal project	# problem wildlife sites addressed # problem wildlife removed # landowners assisted # dams removed # of mitigation devices implemented # of random harvest site inspections performed # educational event delivered

6. Extension and Outreach

Extension and Outreach is becoming increasingly important in the Agricultural Landscape, at the same time funding for such programming is diminishing. Greenview will create and maintain working relationships with producers and residents within Greenview to encourage better management practice adoption, positively impacting our water and land resources. By applying a collaborative model with a focus on both external and internal relationship building, extension and outreach programming will generate extension services for Greenview residents, improve intermunicipal and interdepartmental collaboration, increase access for Greenview residents to external non-profit services, and realize external grant funding opportunities for residents to effectively promote enhanced management practices.

What are the goals of the department related to the Extension and Outreach in 2022?

- Assistance for producers in accessing and being certified through the Canadian Roundtable for Sustainable Beef, Canadian Roundtable for Sustainable Crops, Environmental Farm Plan.
- Assistance to residents in accessing Provincial and National Grant Opportunities related to Land and Water Resource management
- Work cooperatively with Peace Country Beef and Forage Association, Watershed Planning and Advisory Councils, and SARDA Ag Research for the delivery of extension events
- Work to the betterment of Greenview residents by planning, delivering, and evaluating 6 extension events annually.
- Offering support and extension options to acreage owners allows the Wetlands Coordinator to act as a bridge to these residents while encouraging positive management of the acreage.
- The Wetland Coordinator will develop a continuing education program based on the Land Stewardships “Green Acreages” and delivered via multiple extension offerings.

The Alberta Water Act governs how the Province of Alberta manages water. The Act aims to promote the conservation and management of water while recognizing the need for economic growth and prosperity and flexible management that works cooperatively with governments of other jurisdictions.

What are the goals of the department related to the Water Act in 2022?

- Ensure that staff are educated about the Alberta Water Act, identification of wetlands and other waterbodies, adherence to limitations imposed by the Act.
- Establish an intermunicipal working group focused on improving communication regarding waterbodies and wetlands.
- Increase Greenview resident's formalization of Water rights.
- Increase the interest and completion of long-term water management plans to protect residents from the impacts of drought.

Agricultural Operation Practices Act legislation sets out a framework for resolving conflicts between agricultural producers and the public relating to nuisance and disturbance caused by agricultural operations.

What are the goals of the department related to the Agricultural Operation Practices Act in 2022?

- Work with Greenview Planning and Development Department to come up with an educational pamphlet for new residents to Greenview that addresses AOPA concerns and realities
- Work with Greenview Planning and Development Department to create a stocking guide for smallholding producers relating to stocking capacity of the land parcel
- Develop a list of all Confined Feeding Operations within Greenview
- Develop an introductory document to rural life in conjunction with FCSS and Planning and Development departments

7. Veterinary Services

Alberta's Chief Provincial Veterinarian (CPV) has a lead role in animal disease response. The *Alberta Animal Health Act* puts the onus on the owner of an animal or authorized person to advise the CPV of suspected or confirmed reportable or notifiable diseases within 24 hours.

What are the goals of the department related to the Animal Health Act in 2022?

- Develop a strong relationship with area veterinarians to ensure compliance with the requirement to advise the Chief Provincial Veterinarian of suspected or confirmed reportable or notable diseases within 48hrs
- Initiate development of an emergency carcass disposal plan
- Initiate development of an emergency livestock management plan
- Continued support of Veterinary Services Incorporated (VSI)
- Continued lease of the Greenview Veterinary Clinic

Veterinary Services - 2022		
Strategy	Actions	Performance Measures
jj. Continue support of VSI	gg. Attend VSI Annual General Meeting	Attendance at meeting
kk. Continue rental of Greenview Veterinary Clinic	hh. Review and renew Greenview Veterinary Clinic Lease	Signed lease agreement
ll. Collaborate with Planning and Development on emergency carcass disposal plan	ii. Identify livestock locations and potential evacuation resources and locations	Generation of a emergency livestock management plan
nn. Collaborate with Protective Services on emergency livestock management plan	jj. Generate guidelines for mass carcass disposal plan utilizing Alberta Government best management practices	Generate a guiding document for potential mass carcass disposal

8. Beautification

In 2022, Beautification enhance programming with increased plant material, improved turf maintenance and repair effectiveness, empower local non-profit groups in landscaping, weed maintenance and

equipment assistance, increased trees and shrubs to assist with biodiversity and windbreaks, continued weed/pest inspections, and expanding the reach of these inspections. The top priorities are implementing an effective spray schedule for the growing season and developing educational programs and resources to increase awareness about stewardship decisions. These efforts will contribute to economic value to this region and the sustainability of the community.

What are the goals of the department related to Beautification in 2022?

- Assist and empower local non-profit groups in landscaping, turf maintenance, weed control, and equipment.
- Realize plant material freight efficiencies through utilization of existing equipment
- Develop Request or Quote procedure in cooperation with facilities to realize potential economies of scale and improve plant material selection
- Establishment of landscape supplies storage paddocks
- Ensure proper FTE allocation for program deliverables
- Ensure proper equipment allocation for program delivery
- Establish a Seasonal Lead Hand Position to assist Coordinator

Beautification - 2022		
Strategy	Actions	Performance Measures
oo. Facilitate Pesticide Applicator Training for Non-Profits	kk. Assist Non-Profits in establishing training protocol for mowing, pesticide application, pesticide service registration ll. Develop and release request for quotation jointly with Facilities Maintenance nn. Utilize covered trailer for transport of plant and landscape materials oo. Deliver year 1 of renovation plan	# pesticide applicator license at Non-Profits
pp. Facilitate Weed Control Program with Non-Profits		# Assistant Pesticide Applicator held
qq. Facilitate Fungicide Application for Non-Profits		Successful Service Registration application
rr. Coordinate with Facilities Maintenance for Plant Material orders		Plant material securement date
ss. Use department equipment for materials transport		If appropriate, enact Agricultural Land Development Policy
tt. Establish supplies storage		# seedlings planted on private land annually
uu. Develop 5-year plan to renovate hardscape beautification components		Freight costs saved
		Economies of scale realized
		Year 1 renovation project completed
