##### **Volunteer Firefighter Green Light Pilot Program Approved by Council**

Council approved the Bylaw 22-909 Volunteer Firefighter Green Light program, which will enhance public safety and awareness by identifying Greenview Firefighters who are in the process of either mustering or responding to an emergency incident. The use of a flashing green light will provide motorists and pedestrians with a visual notification that there is an emergency taking place and as a courtesy, to yield if safe to do so. More information on this new program starting November 1, 2022, will be shared with the public soon.

##### **Investment Services Tender Awarded**

After a thorough review of Greenview's current investment plans and strategies, Administration posted a Request for Proposals on the Alberta Purchasing Connection to ensure that Greenview continues to receive the best and most competitive investment rates and strategies available.
