RELEVANT LEGISLATION:

Provincial (cite) – N/A

Council Bylaw/Policy (cite) – N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accepts the presentation from the Canadian Motorcycle Tourism Association for information as presented.

BACKGROUND/PROPOSAL:

The Canadian Motorcycle Tourism Association would like to present their ideas for tourism in Grande Cache and the potential to create an interactive museum with virtual battlefield tours, static displays of weapons, tanks, armoured personnel carriers, and various experiential events such as building or digging a trench and sleeping in it.

Grande Cache Airport is the type of facility they would be looking to use. The airport has the underground infrastructure to hold the weight of certain displays. It has the space also to create a training area that could benefit the Canadian Armed Forces, the Cadets and other organizations like the Canadian Rangers.

The Grande Cache Airport is currently closed and would require several millions of dollars to refurbish to an operational standard. However, it is used as a fire base by Forestry, with an agreement in place until 2027. Further, on January 17, 2023 Committee of the Whole several alternatives for repurposing of the airport for industrial or recreational purposes, but no direction was provided at that time.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of the Committee of the Whole accepting the presentation is to learn more about possible tourism initiatives in the Grande Cache area.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommendation.

ALTERNATIVES CONSIDERED:

Alternative #1: Committee of the Whole has the alternative to seek additional information and ask the Canadian Motorcycle Tourism Association to return at a future Committee of the Whole meeting.

MOTION: That Committee of the Whole accepts the presentation from Rising Above for information, as presented.

BACKGROUND/PROPOSAL:

Rising Above was founded in 2007 with a mandate to “help people break cycles of defeat”, through a variety of programs. Rising Above reaches people from all walks of life who are struggling with self-defeating behaviours. Rising Above meets individuals where they are and assists them in getting to where they want to be. A person-led approach is where a person is supported to lead their own care and treated as a person first. The focus is on their abilities and what they can do, not their addictions. Support focuses on achieving individual aspirations and is tailored to the needs and unique circumstances of each person.

Rising Above is in the process of a capital campaign to expand its residential addiction treatment facility in Grande Prairie and has a capital request for the MD of Greenview. The attached document will explain the capital project. They will be requesting \$333,000.00 from the MD of Greenview, as well as an equivalent amount from both the County of Grande Prairie and the City of Grande Prairie. This will result in a combined total of \$1 million in funding from municipal governments to support the project.

RISING HIGHER: A NEW FACILITY FOR RISING ABOVE

Rising Above acknowledges Treaty 8 territory—the traditional and ancestral territory of the Cree and Dene. We acknowledge that this territory is home to the Métis Settlements and the Métis Nation of Alberta, Regions 1, 4, 5 and 6 within the historical Northwest Métis Homeland. We acknowledge the many First Nations, Métis and Inuit who have lived in and cared for these lands for generations. We are grateful for the traditional Knowledge Keepers and Elders who are still with us today and those who have gone before us. Rising Above makes this acknowledgement as an act of reconciliation and gratitude to those whose territory we reside on or are visiting.

Rising Above is committed to working with members of Indigenous communities. The organization prioritizes continuous educational efforts to learn about the effects of colonialism and strives to meet individuals through a lens of understanding and compassion. We understand reconciliation isn't a one-time event, but something that must be incorporated into our everyday lives. This is our hope to help heal the wounds of past atrocities that have taken place in our country and across the world.

TABLE OF CONTENTS

A large collage of 24 triangular photographs arranged in a grid-like pattern. The photos depict various community activities and social interactions. Key scenes include: people playing acoustic guitars, individuals dancing or moving joyfully, groups of people hugging and embracing, and social gatherings around campfires or in indoor settings. Some photos show people wearing masks, possibly during a pandemic. The overall theme is one of community, connection, and shared experiences. The collage is set against a dark background with a large, stylized number '34' in the bottom left corner.

EXECUTIVE SUMMARY

Rising Above was founded in 2007 with a mandate to “help people break cycles of defeat”. Through a variety of programs, Rising Above reaches people from all walks of life that are struggling with self-defeating behaviors. Our primary program is a 6-month residential addiction treatment program.

In 2022 we had 417 individuals apply for entrance into our residential treatment program. However, we were only able to admit 102 participants into the program, primarily due to bed capacity.

Over the last few years, we have been able to allocate a portion of our revenues to a capital building fund and we are now in a position to embark on a major capital project that will accomplish three things for this ministry:

1. We can increase our bed capacity by 30%.

Currently, we have 19 beds for men and 17 beds for women. Our new building proposal will increase that to 28 beds for men and 19 beds for women.

2. We can bring our ladies' housing onto the same campus that serves our men.

Our ladies often feel they don't get the same level of care as the men because of the remote location of the housing. This new building will allow access to the daily support that they need.

3. This proposed building will set us up for future expansion to provide food services for the participants. Currently participants are required to purchase their food and prepare their own meals. Having meals provided to participants would allow them to have greater focus on their recovery and allow participants to learn valuable cooking skills by qualified staff.

We believe the time is right to take this bold step of expansion. We invite you to continue reading to learn more about Rising Above as an organization, the program we offer, and the opportunity to be partner in this new venture.

Mel Siggelkow, CEO

MISSION

Committed to breaking cycles of defeat by providing H.E.L.P.S.

VISION

To be the recovery centre of choice in the north.

VALUES

We offer hope to people who have lost hope.

Guiding Principles

- 1. God has a unique and special purpose for each participant in Rising Above.** Participants entering the program recognize the need for significant change in their life patterns. Though this may not be clear in their behaviour, we will lead and support them to make these changes.
- 2. Addictions are an attempt to manage pain and not the source of a person's pain.** Although addictions can cause a person's life to unravel and become unmanageable, we do not see this as their main issue. Rising Above staff will come alongside the participants and help them address the core issues that have led to addictions and self-destructive behaviour patterns.
- 3. Emotional development should not be expected to match biological age.** We will need to learn where our participants are at emotionally and begin to work with them at emotionally "age-appropriate" levels.
- 4. Our participants are spiritually sensitive yet may have rejected God** because of some past hurt by the church or feelings of abandonment by God. Our role is to come alongside them and help remove the barriers, so they can encounter God and embrace His grace.
- 5. Our participants will have manipulative tendencies.** Therefore, we will anticipate manipulative attempts as a default behaviour and not as an attempt to undermine our authority. The recognition of manipulative behaviours will be an opportunity to lead them to more appropriate behaviour models.
- 6. Having to evict somebody from the program does not imply the program failed.** At the same time, graduation does not presume that the participant needs no further supports.
- 7. We will not do for our participants what they can do for themselves.** Our role is to encourage independence. This helps them grow and retain dignity.
- 8. Policies are intended to protect the staff, participants, and the program.** These structures keep us from enabling destructive patterns and avoid a co-dependent relationship between staff and participants.
- 9. We view Rising Above as a community, and our participants as people of worth.** We can learn from them as they learn from us.

GABOR MATÉ

Rising Above is a registered Canadian charity located in Grande Prairie, Alberta. Since 2007, Rising Above has supported individuals who are struggling in a cycle of defeat which has primarily included addiction, homelessness, and incarceration through the 6-month residential treatment program based on the **H.E.L.P.S** model. The program is intended to be a place where individuals can work on their recovery in a safe and sober setting while learning important skills to help them become self-sufficient members of society. One of the key areas of focus within the program is the **Inner Healing** support we offer which addresses the pain and trauma which destructive behaviors are often trying to mask.

After the program, individuals may have an opportunity to continue safe and sober living by becoming a resident in Rising Above's second stage apartment complex - Hope Haven.

didn't even know needed healing."

ANONYMOUS

Founded in 2007 by Mel Siggelkow, a Grande Prairie resident and former pastor of North Country Community Church, Rising Above has rapidly become an integral part of the Grande Prairie community. Since its founding, this organization has invited more than 1000 community members to take part directly in its residential program. Other offerings, including publicly available life-skills classes; community-wide lectures on topics such as understanding addiction, anger management and self-esteem; non-residential programs and employment-readiness training and outreach programs have supported countless more.

For its first five years, Rising Above was fully funded by the Provincial Government through its Housing First campaign. This campaign is founded on the economic argument that providing housing for a chronically homeless person is less expensive than providing medical, legal and other expenses for that same person. While Rising Above focused its efforts on aiding the chronically homeless or those at risk of becoming chronically homeless, Rising Above was able to partner with the provincial government.

Because its clients had to meet a strict definition of being chronically homeless, many people who could have benefitted from the offerings of Rising Above were not eligible for participation in Rising Above. Rather than meeting and helping individuals where they were, perhaps before they hit rock bottom and became chronically homeless, Rising Above could only serve those referred through the Housing First criteria.

A wise woman once said, "If you give a man a fish he is
hungry again in an hour; if you teach him to catch a
fish you do him a good turn."

Rising Above believes in solving the root causes of cycles of defeat, not just providing someone with basic necessities. This approach means that Rising Above has a no-tolerance policy for drug or alcohol use in its housing facilities. A participant caught using drugs or alcohol is immediately escorted from the premises, so as to ensure a healthy environment for all other participants. Second, third and even fourth chances are offered to the former participant to reapply to Rising Above's housing program after a certain length of time has passed. Unfortunately, Rising Above's dedication to its promises of a healthy environment for all of its participants led to the Housing First funding being pulled in 2012.

For a time, there was a concern as to whether Rising Above would be able to continue its service to the community, but it persevered. Staff had to be cut, and residences had to be altered or removed entirely, but with the full support of the Grande Prairie community – including the members of the government agencies who were required to cut Rising Above's funding in the first place – Rising Above turned a potential hardship into an opportunity. Now free of the restrictions regarding who could or could not be admitted into the program, Rising Above was able to increase and improve its program offerings. This meant that Rising Above was able to help people from all walks of life, without worrying about whether they met the government's Housing First criteria.

In 2017, the City of Grande Prairie leased the former Young Offender's Centre to Rising Above for \$1/year on a 15-year lease of which Rising Above contributed over \$300,000 in renovations to tailor the space to fit our needs. Today, Rising Above has expanded its capacity to serve up to 36 individuals in the program as well as 15 individuals in the second-stage apartment complex, Hope Haven, which was purchased in 2020. The second stage apartment provides continued safe and sober living for participants who have completed the program. Residents are able to stay up to 18 months post-program.

In 2019, the Alberta Government required all treatment and recovery facilities to be licensed under the Mental Health Services Protection Act. Rising Above began implementing processes and structures to be compliant to MHSPA and became licensed on November 1st, 2019.

In 2021, Rising Above spent months developing policies and procedures in an effort to become accredited through the Canadian Accreditation Council.

Over the past few years, Rising Above has become more known in Alberta with applications pouring in from every corner of the province including reserves, correctional institutions, detox centres, and shelters. In 2022, we partnered with Peerless Trout First Nation and earmarked bed spaces for individuals within their nation to receive help on an as-needed basis as well as providing support to their community which is facing the highest suicide and overdose rates in its history. During our 2023 Hope Lives Banquet, Chief Gilbert Okemow of Peerless Trout spoke about the partnership and the dire need faced by residents of his nation.

In the same year, an organization in Fort St. John approached Rising Above with an interest in reopening under the Rising Above name. As early as summer 2023, a Rising Above facility will open in Fort St. John to provide recovery services to those struggling in the Northwest Peace.

A board of directors has been established and the search for an executive director continues. All across the Peace Country and the province, the need for recovery grows and Rising Above intends to help fill that need to the best of our abilities.

THE PERSON-CENTERED APPROACH

Rising Above meets individuals where they are at and assists them in getting to where they want to be. A person-led approach is where the person is supported to lead their own care and treated as a person first. The focus is on the person and what they can do, not their addiction. Support focuses on achieving the person's aspirations and is tailored to their needs and unique circumstances.

When individuals are given the chance to change the trajectory of their own lives in a supportive, inclusive, and encouraging environment, they gain the confidence to face life's challenges head-on while using the skills and tools learned in the program. As resiliency and the ability to cope strengthens, the problems faced pre-program don't seem as overwhelming as they once did and new problems become easier to navigate.

COMMUNITY INTEGRATION

Rising Above operates within our scope of knowledge and ability. When participants require additional support outside our scope, we refer them to agencies and organizations within the community who are already experts in various fields. This prevents service duplication and teaches participants how to navigate community resources and gain knowledge on what support is available to them.

DRUG POISONING

More than 1,600 Albertans died due to drug poisoning in 2022

The Edmonton Journal released a news article based on government data that revealed overdose-related deaths in 2022. Of the 1,630 deaths, 442 were female and 1,188 were male and deaths were most frequent in those aged between 35 and 39 years old.

Fentanyl, methamphetamine and carfentanil were the three most common substances involved in acute accidental drug poisonings, followed by cocaine and alcohol.

"Our government will continue to improve access to addiction treatment and recovery supports by building recovery-oriented systems of care to save more lives and drive deaths down further." - Colin Aitchison, spokesman for the Mental Health and Addiction Ministry in Alberta.

The following data is from the Alberta Substance Use Surveillance System:

- Alberta Health Services' North Zone had 120 drug poisoning deaths in 2022. 45 of these deaths happened in Grande Prairie.
- Grande Prairie EMS responded 134 times in 2022 to opioid-related calls.
- AHS North Zone has the highest rate of emergency room visits and/or hospitalizations due to substance use. In 2022, there were 10,162 instances of emergency room visits and/or hospitalizations due to substance use; an average of 28 per day.

HOMELESSNESS

In a study of homelessness across Canada, addiction or substance use was the most commonly cited reason for housing loss. More than a quarter (25.1%) of survey respondents indicated that addiction or substance use was a reason for their most recent housing loss. Further, the proportion of individuals who reported addiction or substance use increased with time spent homeless, from 19.0% at 0–2 months to 28.2% for those who reported over 6 months of homelessness in the previous year. Rising Above's programs can assist in preventing homelessness and removing a significant barrier for homeless individuals to obtain housing by helping individuals overcome their addictions.

POINT IN TIME COUNT

The data from the 2022 Point in Time Count revealed that there are currently 328 street-involved individuals in Grande Prairie. This is a 44% increase over the 228 people counted in 2018. Compared to Edmonton and Calgary's homeless populations, Grande Prairie's numbers are a fraction, but based on per capita calculations, Grande Prairie is almost double Edmonton's homeless population and triple that of Calgary's based on 10,000 people.

Edmonton and Calgary have a combined total of 26 treatment facilities within city limits whereas Grande Prairie has 2 - Northern Addiction Centre and Rising Above. Due to the remoteness of northern Alberta and limited supports, NAC and Rising Above serve all of Northern Alberta.

DEMAND OUTPACES CAPACITY

In 2022, Rising Above received 417 applications to the program of which 102 were admitted. All applications are a result of referrals by past participants, their families, and other agencies. Due to the high volume of applications, outreach initiatives have not been an area which we have needed to develop.

CURTIS

BOARD STRUCTURE

Rising Above is managed by a governance board comprising 9 passionate individuals with various backgrounds. The board is responsible for setting the direction of the organization through strategic planning and decision-making, financial management, and hiring new staff.

STAFFING STRUCTURE

Rising Above staff are knowledgeable in addiction and mental health and have a deep understanding of the struggles faced by the demographic we serve either through direct or indirect experience. Each of the 11 staff member brings a unique skill set to each position. Inner Healing facilitators are trained in the model we use to deliver this program component. The men's case manager is a recovering addict and has several years of sobriety. The women's case manager has a degree in theology and has many years of experience leading vulnerable groups such as refugees and at-risk women. Other skills/experience include a diploma in addiction studies, a Master of Arts and Pastoral Leadership, and education in working with at-risk people. Administrative staff have several years of experience that contribute to marketing, business development, financial administration, and business management. The organization values continued learning through available courses in the community such as mental health first aid, first aid, suicide and self-harm awareness, and training related to the demographic of people we serve. Executive Director, Mel Siggelkow, and Operations Manager, Rick Zimmerman, are responsible for leading the team in day-to-day operations and will seek council from the board when need be.

RISING HIGHER: A NEW FACILITY

THE SPACE

The new Rising Above facility has an estimated construction cost of 4.8 million and will allow for a 30% capacity increase. Currently, we have the capacity for 19 men and 17 women. The new facility would increase this to 28-bed spaces for men and 19 for women making for an additional 11 beds.

This new 3 story facility with a basement will provide:

- 4 new offices spaces
- 28 beds on the 2nd and 3rd floor (14 per floor)
- Laundry services
- Kitchen
- Meeting spaces
- Washrooms
- Elevator accessibility
- Client lounges
- Storage rooms

Additionally, the new space would allow for simplified operations by consolidating residences and the ability to expand into food services,

THE LAND

Rising Above is located on the former Young Offenders site. In 2017 Rising Above leased the building from the city of Grande Prairie on a 15-year lease. We have identified that co-locating the new building on the site of our current location is the most beneficial option. To facilitate the build, Rising Above would require a lease extension from the City of Grande Prairie and we are currently in discussions with them on extension options.

STAFFING CAPACITY

As a result of an increase in client capacity, Rising Above would need to increase staffing capacity by up to 4 new employees. In the current building, there are no spaces available for new staff members. When Rising Above first took over occupancy of the former young offenders centre, there were 3 full-time and 4 part-time employees which made for 5 full-time equivalent staff members. Today there are 8 full-time and 3 part-time employees which is 9.25 full-time equivalent staff members. Since we have moved into this space, our staff body has almost doubled in size. We expect this number to continue increasing as our client capacity grows.

The office spaces in the new building will be administration and Inner Healing offices and an office for the men's case manager. This will free up space inside the building for more additional staff members as the need arises.

INTENDED USES

Rising Above has always opened up our doors for different groups to utilize the spaces we have and we intend to do the same with this facility. Currently, there are outside groups accessing and utilizing our facility 7-days a week. These groups consist of:

- Narcotics Anonymous
- Alcoholics Anonymous
- Cocaine Anonymous
- Crystal Meth Anonymous
- Bible Studies
- Mentor meetings
- Sponsor meetings
- Conquer series (overcoming porn addiction)
- Understanding series (Rising Above community sessions)

The Rising Above facility isn't just crucial for the health of the organization, but for the health of our local recovery community and others who need a safe space to gather and grow.

At the current space, we have 2 rooms that can be utilized - the classroom with capacity for 40 people and the boardroom with capacity for 15 people. The new facility will open up new rooms for individuals to host meetings and connect with one another in the pursuit of healthy and sober lives.

FINANCIAL POSITION

Rising Above is strongly supported by community members, families of individuals who have been impacted by the program, local businesses, and churches. Over the years, our donor base has grown substantially. To date, we have over 800 individuals who support us through volunteerism, attending our events, one-time and monthly donations, and keeping up-to-date through our quarterly newsletter.

The faithfulness of these donors has led Rising Above to be in a strong financial position;

- \$1 million in reserves that we have set aside for the new building.
- \$850,000 equity in houses that we will sell once new building is in place and put proceeds towards building

Combined, we are at approx. \$1.8 million which is 38% of total build costs.

The goal is to raise as much of the total cost of the project as possible before we begin building in order to minimize long-term financing costs.

CONCLUSION

Rising Above continues to be a highly sought-after recovery option in Northern Alberta. This has only been made possible through those who support the organization. We are grateful to those who believe in what we do and have partnered or supported our organization in some way, no matter how big or small.

As Rising Above looks at all the possibilities that lay before us, we hope individuals join us in making a way for a future where more individuals can experience the freedom and joy that comes with recovery.

"The only thing necessary for the triumph of evil is for good men to do nothing."

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accepts the presentation from Travel Alberta for information, as presented.

BACKGROUND/PROPOSAL:

In 2022, Alberta realized over \$10 billion in visitor revenues, effectively recovering two years faster than anticipated and exceeding the pre-pandemic benchmark. The Alberta government has set a new target of \$20B in 2035. This aggressive growth target can only be achieved by developing destinations beyond our gateway centers and the central Rockies. To address this challenge, Travel Alberta has taken the lead in identifying ten (10) Tourism Development Zones (TDZ) across the province that represent high-potential areas of opportunity that can collectively contribute to our provincial target, including the Northern Rockies TDZ, which includes the MD of Greenview.

Working with industry operators, communities, and multiple levels of government, Travel Alberta has completed the first of three phases of a multi-year initiative to design a comprehensive development plan for each TDZ that future-proofs its potential for the next decade. As Travel Alberta looks to move into the next phase, they are engaging stakeholders in each TDZ to share findings, strategies for growth, and views on potential game-changing tourism developments to ensure everyone is aligned.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of the Committee of the Whole accepting the presentation is they have the opportunity to hear firsthand the initiatives and plans for tourism development in the MD of Greenview area. Further, they can directly ask the senior executive team questions and provide feedback or ideas.
