RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the presentation from Northwest Polytechnic for information, as presented.

BACKGROUND/PROPOSAL:

Northwest Polytechnic is seeking an opportunity to present a comprehensive update to the Committee of the Whole, aiming to provide insights into various facets of the institution. This presentation will offer a detailed snapshot of the current state of the facility, covering aspects such as enrollment numbers, program specifics, and ongoing collaborations. By presenting enrollment figures and program details, Northwest Polytechnic aims to showcase its academic strengths and achievements. The discussion of ongoing collaborations emphasizes the institution's commitment to external partnerships and collaborative endeavors that enhance the overall educational experience.

In addition to detailing the current state, the presentation will highlight new initiatives, particularly those related to enrollment expansion and program diversification. This includes information on successful grants and strategic partnerships that have facilitated growth. Northwest Polytechnic will also delve into exciting opportunities on the horizon, discussing plans for future growth and development that will impact not only the institution but also Greenview residents and the region as a whole.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of accepting the recommended action is Committee of the Whole will have a better understating of the current state of the facility, and its plans for future growth and how they may impact Greenview.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.
-

ALTERNATIVES CONSIDERED:

Alternative #1: Committee of the Whole has the alternative to request more information be provided from Northwest Polytechnic, specifically for their Fairview Campus and its future.

MOTION: That Committee of the Whole recommend that Council direct Administration to have Northwest Polytechnic bring a presentation regarding the Fairview Campus and its current status and long term plans.

Why 'Deadfall'?

The Bushwacking is Worth It!

The fossil material in the Deadfall Bonebed is heavily mineralized and therefore very well preserved.

Usually for the Wapiti Formation, some of the skeletal elements are articulated.

Deadfall Field Collection 2023

Evidence of Scavenging

The shed teeth of tyrannosaurs (*cf. Albertosaurus*) and small theropods, in addition to bite marks on the hadrosaur bone, imply scavenging.

This suggests the carcasses were not immediately buried, though occasional articulated remains suggests burial was not long delayed.

What Do We Know So Far about Deadfall?

A postorbital suggests the animals could be referred to the genus *Edmontosaurus*, though not *E.*

The largest limb bones are larger than any known Wapiti hadrosaur

The carcasses were scavenged by theropods

Provincial (cite) –N/A

Council Bylaw/Policy (cite) –N/A

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accepts the presentation from the Bear Creek Folk Festival for information, as presented.

BACKGROUND/PROPOSAL:

In 2023, Greenview provided an operating grant to the Bear Creek Folk Festival for \$5,000.00 for their annual music event in the Muskoseepi Park in Grande Prairie.

A representative from the Bear Creek Folk Festival will provide an update on the 2023 Bear Creek Folk Festival and present the 2024 funding request.

The 2024 grant requests will be presented to Committee of the Whole in December 2023 and to Council in January 2024.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of accepting the presentation is that Committee of the Whole will have the opportunity to ask questions regarding the festival and the 2024 grant request, to assist in making an informed decision when the request is presented at Council in January 2024.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

THANK YOU!

We are proud that the Bear Creek Folk Music Festival has become a cherished mainstay event in the hearts of the Peace Region. Just six festivals in and we're pleased to say that it has woven itself into the fabric of our community. It's family-friendly, it's inclusive, it showcases world class music. All in all, it's a fantastic weekend! And it's through your help that this festival is possible.

The Bear Creek Folk Music Festival Society is a not-for-profit society that started in 2014 with the goal of presenting a premiere-level music festival each summer. Our first festival debuted in August of 2016, and we have continued our tradition of exceptional musical programming, a great atmosphere, and 3 days of family fun ever since. Our 2023 festival, was an incredible success and was our first full sold-out weekend.

The Bear Creek Folk Fest relies on the support of many. From our 600+ volunteer family, through our dedicated audience, to our incredible sponsors like you, we are humbled by how much this festival means to so many people. We are incredibly honoured to have jointly created such an amazing event that uplifts so many in our community.

ARTISTS

We present world-class artists with a diverse lineup to our community, and we are proud that our festival has springboarded the careers of many upcomers.

We also are delighted to give an excellent opportunity for local artists to showcase their talents to a number of big industry names.

WHERE YOUR SUPPORT GOES

INFRASTRUCTURE

To support our thousands of attendees on an otherwise empty hill, we construct a host of temporary structures and implement from scratch: plumbing, electrical, food services, sanitation, security, and decor, to name a few.

OUTREACH

In our commitment to the community, we hand out over 200 free tickets to local shelters. We also provide free access to aides of those with disabilities.

VOLUNTEERS

We treat our volunteers right! Our volunteers receive free entrance to the fest, free meals, souvenir shirts, and access to our exclusive after party.

15% of our volunteers travel more than 100 km to help at our fest, some from as far away as Manitoba, Ontario, and the Northwest Territories.

Our youth volunteers (12-17) have grown to make up 12.5 % of our base.

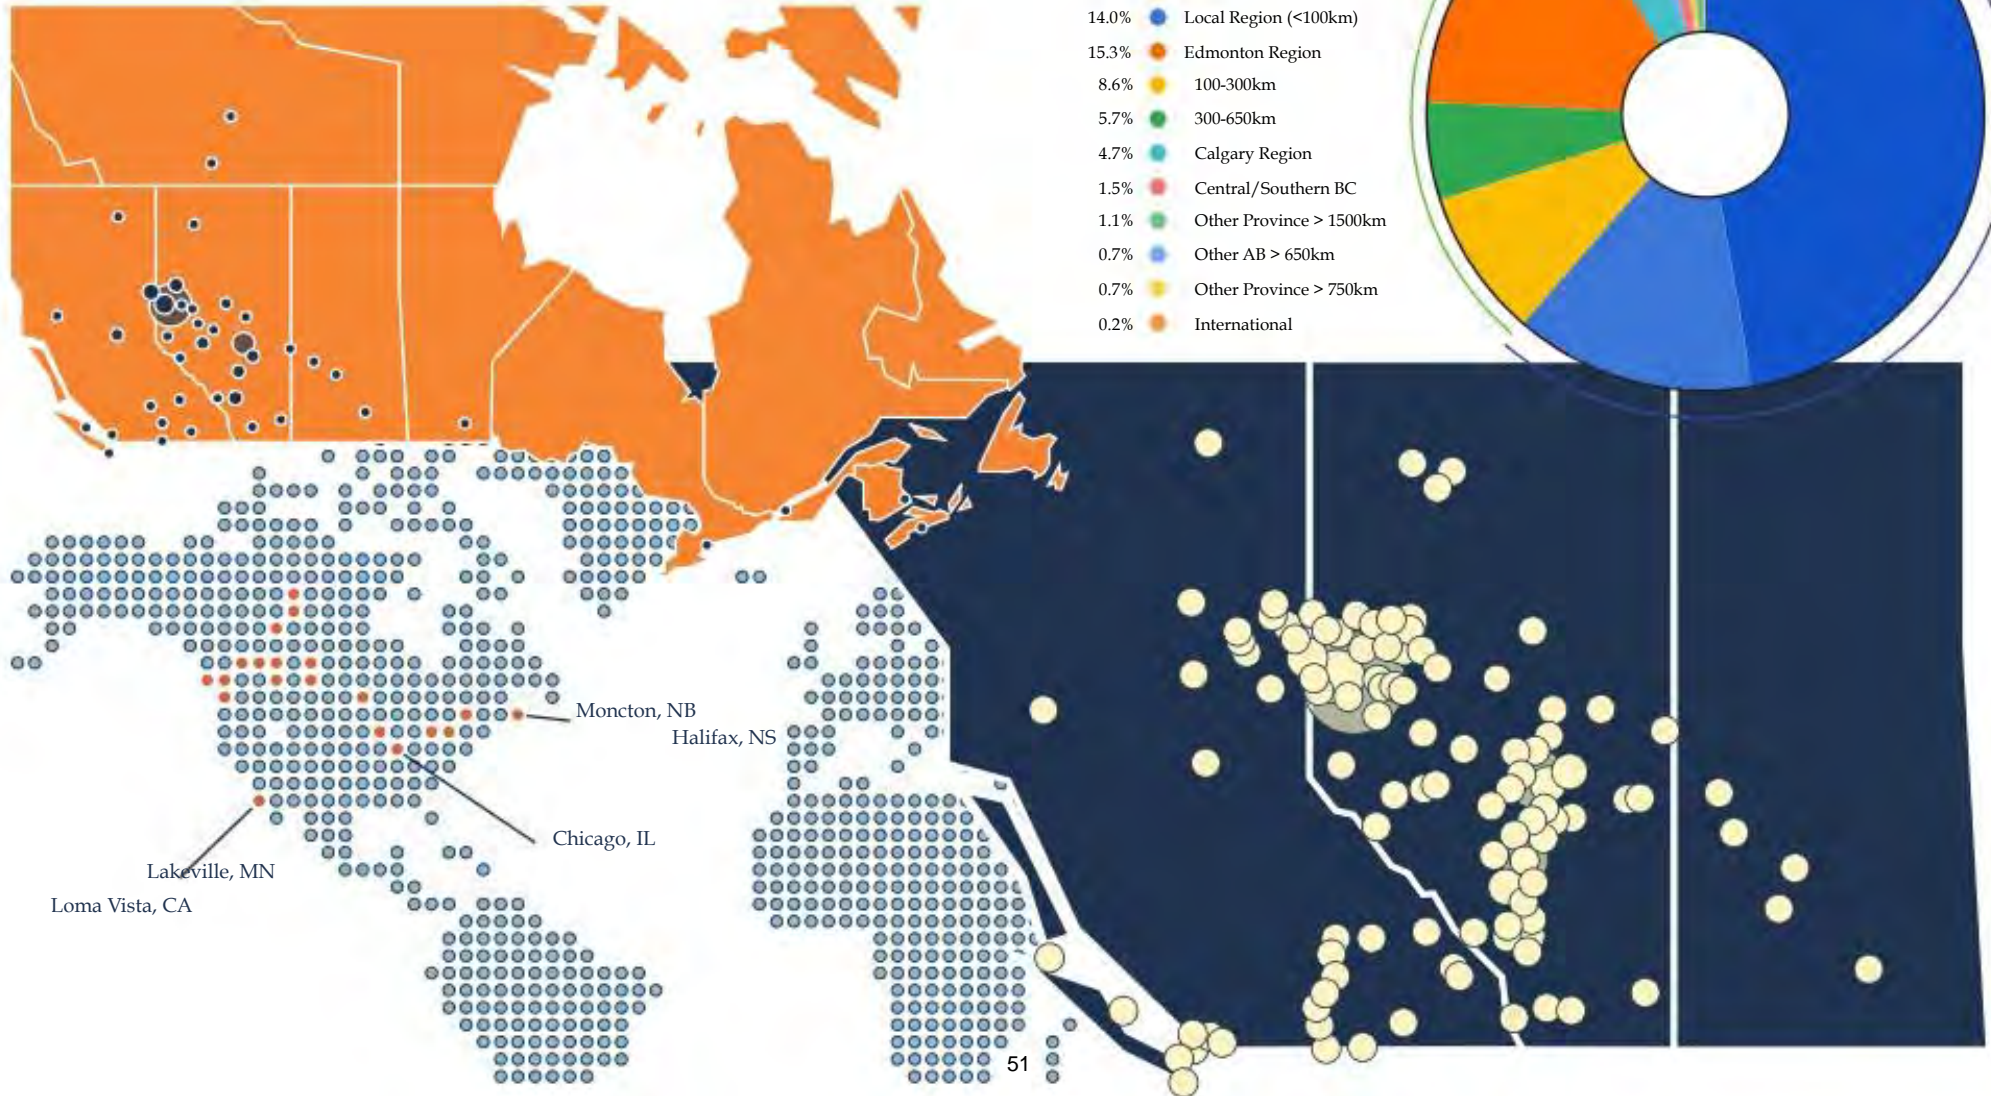

PROUDLY ALBERTAN ... AND BEYOND

The Bear Creek Folk Music Festival welcomes artists, attendees, and volunteers from right here in our region, from across the nation, and even internationally. Families have planned reunions to coincide with our festival weekend, and people have travelled from thousands of miles away to attend or volunteer at our event.

As people visit and fall in love with our fest, we see more and more attendees returning year after year from areas well outside our region.

FOR LOVE OF THE MUSIC!

The first Bear Creek Folk Fest kicked off with a bang in 2016 with headliners kd lang, Bruce Cockburn, Ruthie Foster, and Corb Lund. Since then, we've featured such artists as Sarah McLachlan, Blue Rodeo, Allan Doyle, Feist, City and Colour, Emerson Drive, Steve Earle and the Dukes, Serena Ryder, Crash Test Dummies, Michael Franti and Spearhead, and many more.

We've also introduced our audience to once-hidden gems like Allison Russell of Birds of Chicago, the War and Treaty, Tall Heights, JigJam, Katie Pruitt, and Aysanabee, just to name a few. Their stars are on the rise and we are proud to have introduced many of them to Western Canada before anyone else. It is often lesser-known performers that become darlings of the festival. We're also extremely proud to present amazing local artists. They have the chops to play alongside any of our headliners on our workshop stages, and steal the hearts of audiences.

Because of the quality of our programming, and the caring way our volunteers treat our artists, across the board, the Bear Creek Folk Fest is on the radar of many performers. We have become a festival that many want to play at!

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the 2023 Wildfires After Action Report Presentation and recommendations for information, as presented.

BACKGROUND/PROPOSAL:

Starting on May 5, 2023, fires broke out in the MD of Greenview. These wildfires escalated into an unprecedented event involving the ignition and rapid spread of at least seven large uncontrolled wildfires across Sandy Bay Area and Sturgeon Lake Cree Nation Reserve. They posed a threat to Fox Creek, Little Smoky, Sweathouse, Grovedale, and Valleyview, leading to numerous evacuations. Initially, Forestry lacked the manpower and resources to combat these wildfires and significant resources from the MD were deployed.

Greenview Fire-Rescue Services promptly responded with firefighters from all three stations to tackle the Ridgevalley fires, Sturgeon Lake Complex, Fox Creek fire, Grovedale, and Sweathouse. On the same day, Greenview Emergency Social Services collaborated with the Town of Valleyview to establish a Reception Centre at Valleyview Memorial Hall, providing lodging for evacuees at Hillside School and later at Valleyview Alliance Church. Greenview Public Works supplied heavy equipment for constructing crucial fire guards and organized staff for security checkpoints around evacuation zones.

The following presentation offers an overview of the wildfires, actions taken, and recommendations for enhancing Greenview's emergency response in the future.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of Committee of the Whole accepting the recommended motion is that it will provide the Committee with a more thorough understanding of the 2023 wildfires.

2. The benefit of Committee of the Whole accepting the recommended motion is that they will be provided with recommendations going forward regarding the proposed amendments to the Greenview Emergency Management Plan.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

ALTERNATIVES CONSIDERED:

Alternative #1: There are no alternatives, as this is a report for information only.

FINANCIAL IMPLICATION:

There are no financial implications to the recommended motion.

STAFFING IMPLICATION:

There are no staffing implications to the recommended motion.

PUBLIC ENGAGEMENT LEVEL:

Greenview has adopted the IAP2 Framework for public consultation.

The background is a stylized illustration of a forest fire. Two firefighters in full protective gear are silhouetted against a large, intense fire that fills the center of the frame. The fire is depicted with bright yellow and orange flames and thick smoke. Tall, dark tree trunks are visible on the left side, and some foliage is on the right. The overall color palette is dominated by the warm tones of the fire and the dark silhouettes of the firefighters and trees.

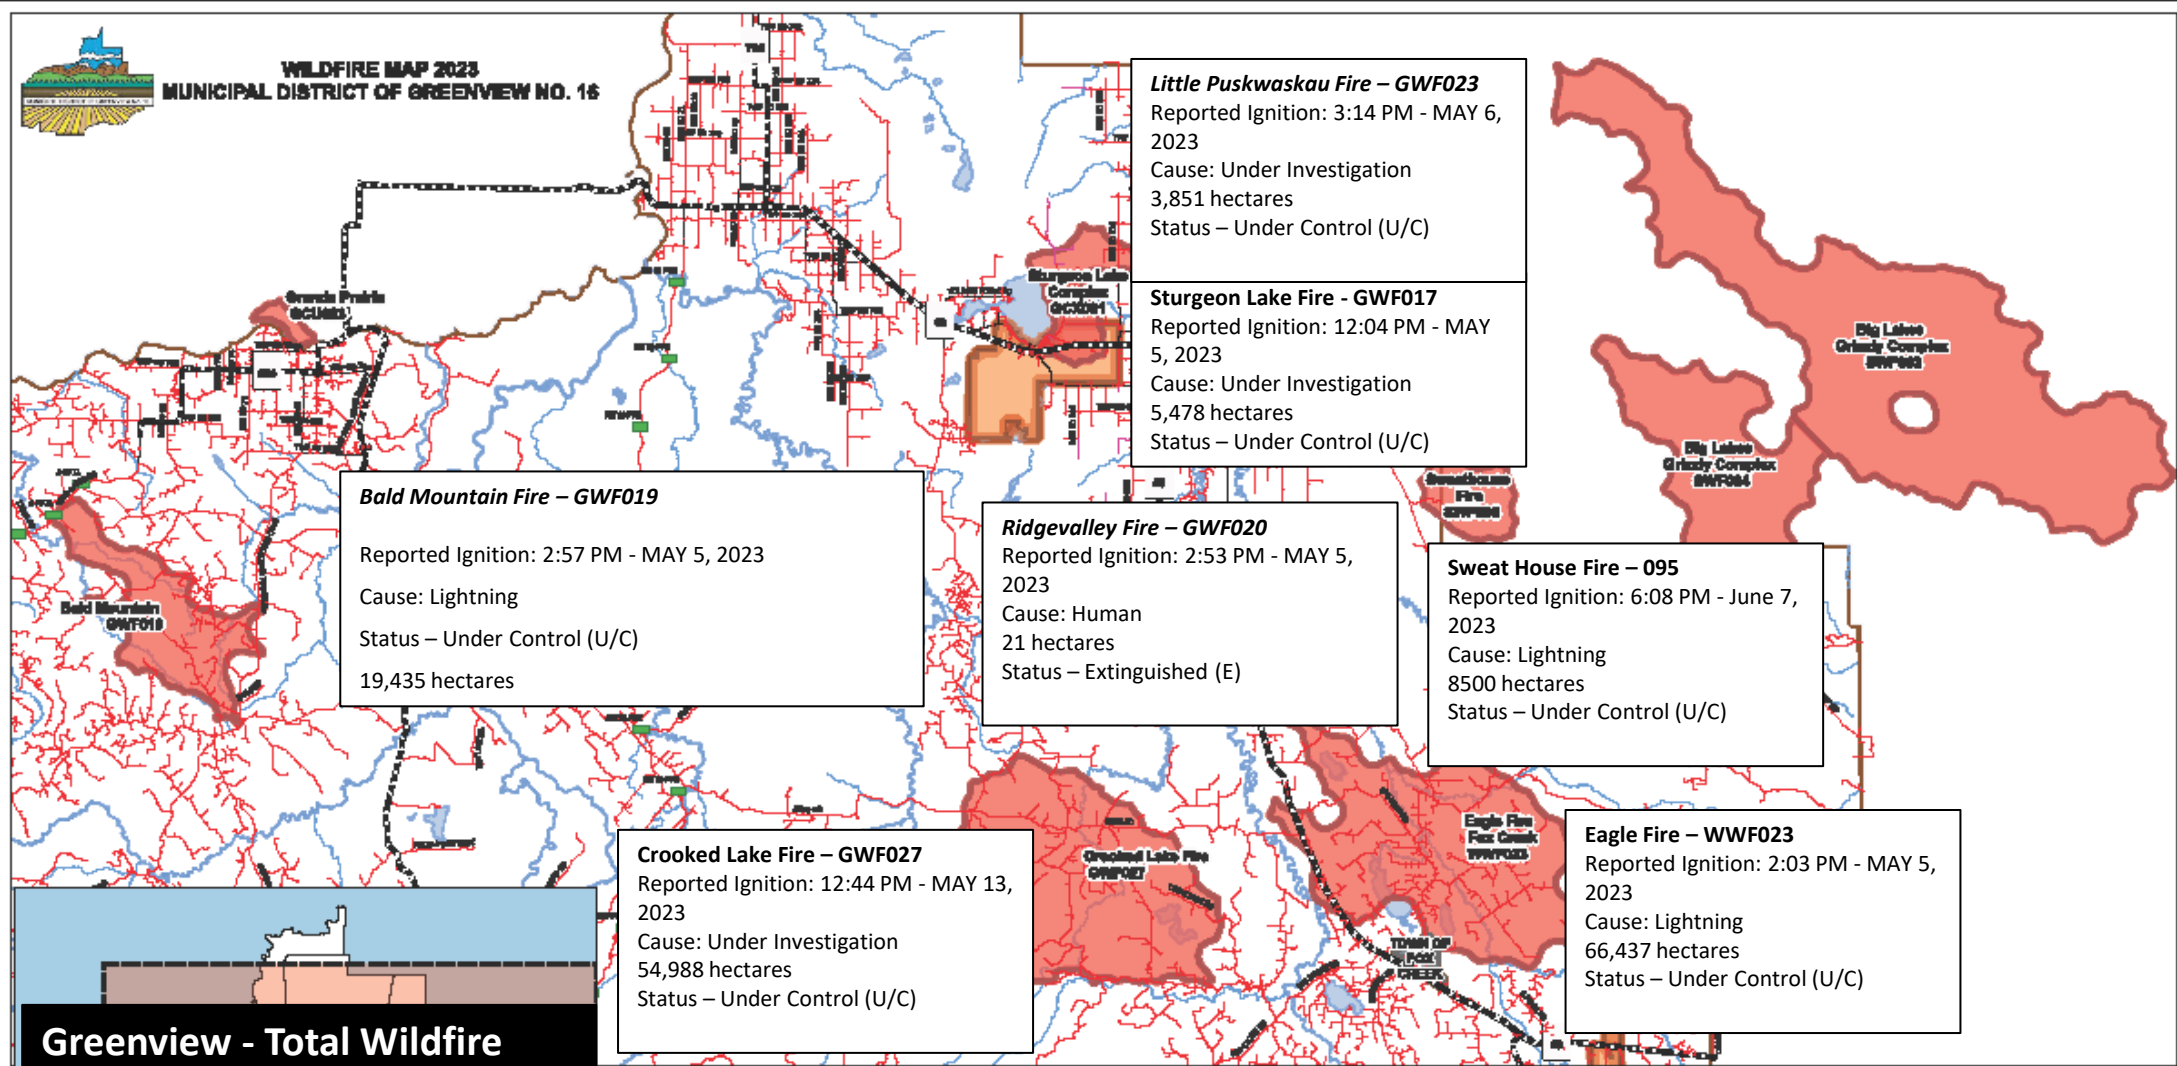

2023 Greenview After Action Overview

OVERVIEW

- Unprecedented event that involved the ignition and exponential spread of no less than five large uncontrolled wildfires that
 - overran portions of the Sandy Bay Area and Sturgeon Lake Cree Nation Reserve,
 - Threatened and caused the evacuation of Fox Creek, the hamlet of Little Smoky, Sweat House, Grovedale (near), and the Town of Valleyview.
- Greenview EOC activated and a State of Local Emergency (SOLE) declared immediately.
- At the onset Forestry did not have (nor could they) have the manpower nor the resources to engage these wildfires given the number and size.
- Greenview Fire-Rescue Services firefighters were deployed immediately, first on two Ridgevalley fires, the Sturgeon Lake Complex, Fox Creek fire and were active in the Grovedale and Sweathouse area in containment and the placement of sprinkler protection.
- Greenview Emergency Social Services (ESS) were deployed immediately collaborating with the Town of Valleyview to establish a Reception Centre at the Valleyview Memorial Hall and despite the large numbers of evacuees, processed and provided lodging including temporary lodging, first at Hillside School, then at the Valleyview Alliance church. ESS work was ongoing as more evacuation zones were declared in the Little Smoky and the area south of Grovedale.
- Greenview Public Works provided and organized heavy equipment to assist in the construction of critically important fire guards and the organized staff for security check points around the evacuation zones.

Access Permit Waiver of Liability Statement

I, _____ hereby acknowledge and agree to the terms and conditions outlined in this waiver of liability statement (the "Waiver") in consideration for being granted access to the active wildfire evacuation area, as permitted by the issuing authority.

Assumption of Risks: I understand that entering an active wildfire evacuation area involves inherent risks, including but not limited to the danger of wildfire, smoke inhalation, falling debris, hazardous materials, and unstable structures. I acknowledge that these risks may result in property damage, injury, or loss of life.

Voluntary Participation: I affirm that my entry into the active wildfire evacuation area is voluntary and that I have made an informed decision after evaluating the risks involved. I understand that I may withdraw from the area at any time if I feel my safety is compromised.

Compliance with Instructions: I agree to comply with all instructions, guidelines, and restrictions provided by the authorities managing the active wildfire evacuation area. I understand that failure to adhere to these instructions may result in my permit being revoked and/or legal consequences.

Waiver of Liability: To the fullest extent permitted by law, I hereby release, discharge, and hold harmless the issuing authority, its officers, agents, employees, and representatives from any and all claims, demands, causes of action, liability, losses, damages, or expenses, whether known or unknown, arising out of or related to my entry into the active wildfire evacuation area.

Indemnification: I agree to indemnify and defend the issuing authority, its officers, agents, employees, and representatives from any and all claims, demands, liabilities, losses, damages, or expenses, including attorney fees and costs, arising from or connected to my actions, conduct, or negligence during my presence in the active fire evacuation area.

Insurance: I acknowledge that it is my responsibility to maintain adequate insurance coverage to protect against any losses or damages that may occur during my entry into the active wildfire evacuation area.

Severability: If any provision of this Waiver is found to be invalid, illegal, or unenforceable, the remaining provisions shall continue in full force and effect.

I have carefully read and fully understand the contents of this waiver of liability statement. I voluntarily agree to its terms and acknowledge that I am assuming all risks associated with entering the active wildfire evacuation area.

[Authorized Vehicle Permit](#)

EOC - SUCCESSES

- The EOC - Incident Command System (ICS) Hybrid model.
- Initial staffing of EOC.
- EOC supported a system that allowed a business continuity model.
- Ability of EOC to manage multiple wildfires through innovation and a collaborative approach.
- Critical communications between Forestry and EOC.
- External support from AEMA.
- Sit rep briefings.
- Good working relationship between Greenview EOC, RCMP, Utilities and AEMA.
- GIS worked collaboratively and were able to produce good maps – efficient.
- Daily call in to weather briefings delivered critical information.
- EOC facility proved to be effective for large-scale events.
- Most tools required to be effective in an EOC were available and well supported.
- Location was good and proximal to other agencies and support services.

ESS - SUCCESSES

- Emergency Social Services (ESS) managed all evacuees including the setting up of reception centers, temporary accommodation centers, and collaboration with all affected municipalities.
- FCSS Mgr developed a new registration form for evacuees.
- The ESS simulation prior to the actual event was extremely helpful.
- This emergency forced the town of Valleyview to be prepared for when the NWT got evacuated and they were able to take the lead on it.
- The volunteer side was amazing. We had a lead for the volunteers up at the AG Society which was FCSS staff [REDACTED] If it happened again, we would have another lead to help out with OHS for volunteers.
- Glitz Market took the lead for donations that were being donated which was amazing as the donations side during a disaster is usually a disaster as well.

COMMS SUCCESSES

- Evening Council briefings delivered on-time updates each day.
- Communications between Forestry and EOC.
- Video Sitreps – CAO, DEM, RCMP
- Quality and timeliness of information on website and social media
- Assistance with preparation of provincial alerting (evac alert, evac)
- Collaboration with internal and external agencies re: accurate and timely messaging.
- Availability

ALERTING/EVAC- SUCCESSES/CHALLENGES

SUCCESSES:

- AEMA AB Alerting Tool was effective in providing notification to the public regarding evacuation and evacuation alerting zones.
- Public notifications for evacuation and evacuation alerting zones were accurate due to detailed Forestry recommendations including timely terminations.
- State of Local Emergency (SOLE) declaration was declared at the onset and was in place until the end of the wildfires.

CHALLENGES:

- AEMA AB Alerting Tool was not available for Greenview user initially. This then required a call-in system to AEMA to produce and send notifications. to the public regarding evacuation and evacuation alerting zones.
- The required short AEMA Alert refresh time caused the public to at times disregard notifications.

EOC RECOMMENDATIONS

- Re-configure EOC Org chart, job descriptions for each Section chief, and staff identified (with back up) for the position. Continue to use ICS Hybrid model. Model is a combination of ICS Section Leads, Department Leads and the use of virtual attendance.
- Increase ICS 200 training to deepen EOC member pool
- Increase use of available ICS tracking forms (Sit rep, Action Item, sign-in, etc)
- Increase number of Scribes and Liaison officers
- Add Document Control Officer
- Add Utility zones, RCMP zones, Forestry zones to mapping.
- Formalize signoff for mutual aid or equipment requests by Forestry or AEMA (docusign)
- Communications to have prebuilt messaging, etc for future events. (evac msg, reception center location, etc)
- Annual Emergency simulations.
- Maintain up-to-date list of companies that Greenview may utilize.
- Enhanced coordination with Fox Creek, Valleyview, SLCN EOCs.
- Multiple feeds to televisions to increase information displays.
- Complete review and amendment of existing Greenview Emergency Plan based on recommendations.
- Policy in place approved by Council that lays out exactly what we are going to do during a SOLE. For example, Per Diems, Evacuees, Paying Volunteer Firefighters, etc Establish policy on how long we will be covering the cost for evacuees.
- EOC needs better communication with boots on the ground. When/where EOC will be putting up roadblocks or sending evac alerts out

ESS RECOMMENDATIONS

- Instead of wristbands for Evacuees use vouchers. Every day the evacuees get breakfast, lunch, and dinner vouchers that an MD employee sign and stamp. Recommendation is Breakfast \$20, Lunch \$25, and Supper \$35. List restaurant d on the back of the voucher where they can go for food.
- Separate Reception Centre for Greenview residence instead of having them combined with another Municipality. Greenview would still help the other evacuees and triage where people need to go.
- Establish protocols for mutual aid with other municipalities. Signed mutual aid will help with determining who will be applying for DRP.
- Recommend that the AG Society have their own MOU, one for Sturgeon Lake, Town of Valleyview and Greenview. This will help us to determine who is paying for what. Lisa would like Greenview to only be responsible for Greenview animals.

COMMS RECOMMENDATIONS

- Deployment and implementation of the “Voyent” alerting tool to increase public information and awareness.
- Develop a EOC Communications plan to enhance delivery.
- Develop a “hotline” for incoming calls from the public.
- Develop a EOC Communications plan to enhance delivery.
- Establish a call center number and have people assigned to it.

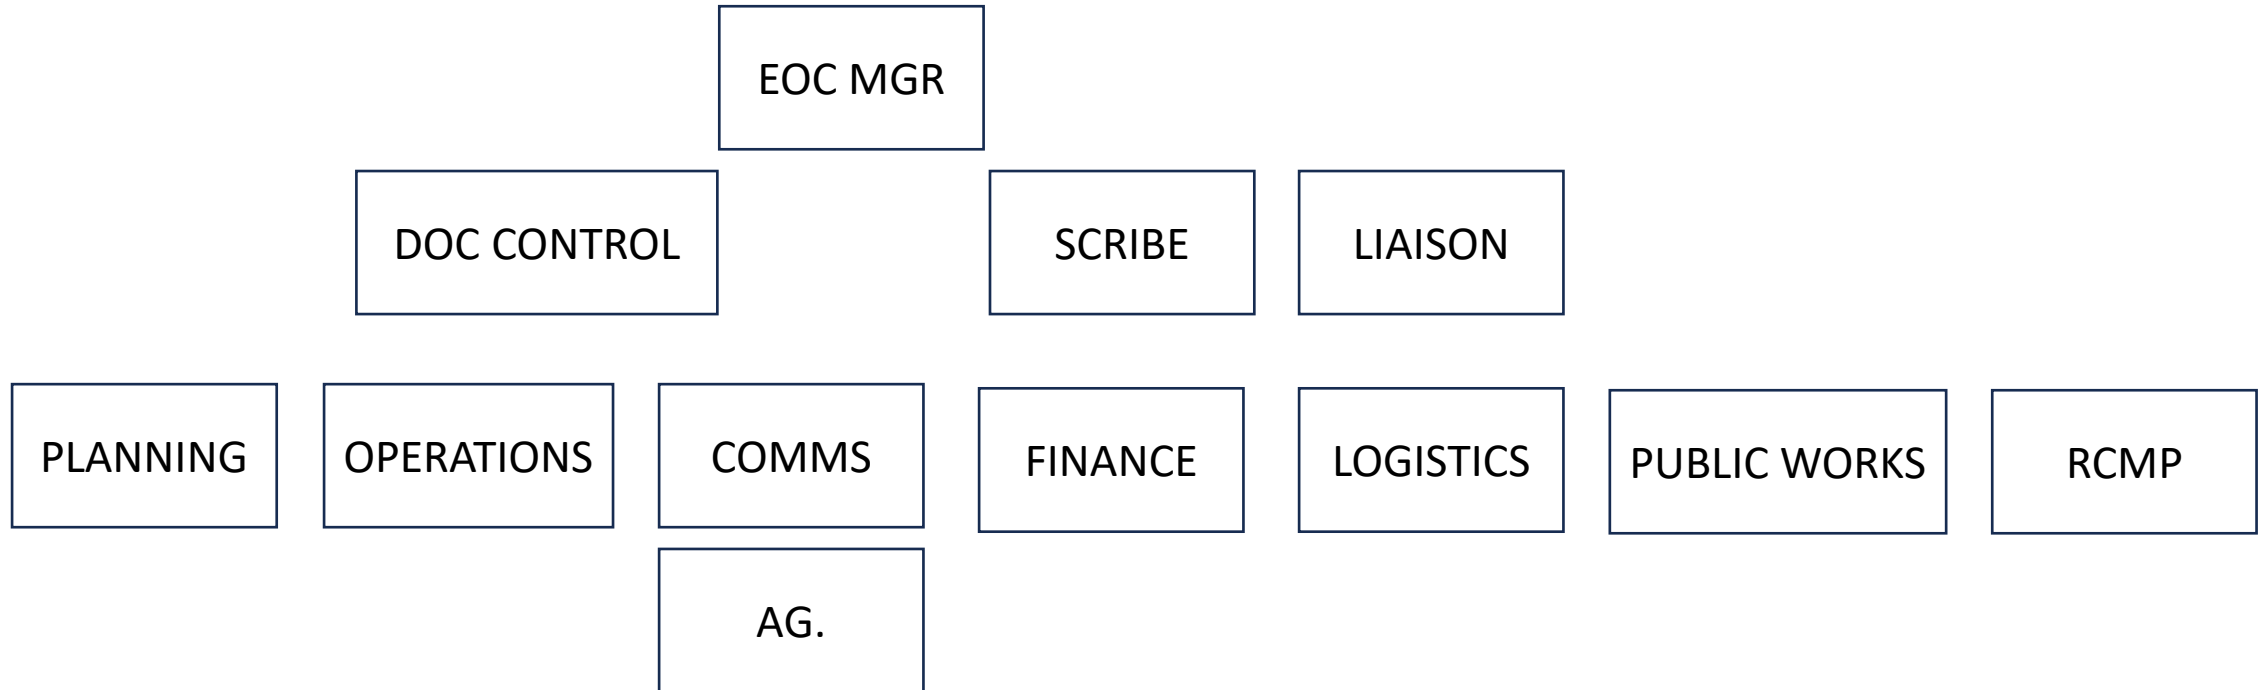

FINANCE RECOMMENDATIONS

- Add Finance Section lead earlier
- Create an Emergency Finance Policy (currently underway).
- Stronger processes in the EOC, for example how to pay bills
- Going forward, each fire will have their own disaster code
- Put more focus on Accounts Payable and invoice side.

SECURITY RECOMMENDATIONS

- Aligned security protocols with RCMP, CPOs, and Ops for all areas of Greenview. Amend Entry Permits based on Industry feedback.
- Need for security roles and CPO's and RCMP's involvement in roadblocks.
- Permit system needs to work the same throughout all areas

STRATEGIC PLAN:	Culture, Social & Emergency Services	LEG:	

RELEVANT LEGISLATION:

Provincial (cite) – N/A

Council Bylaw/Policy (cite) – Policy 8015, Community Impact Grants

RECOMMENDED ACTION:

MOTION: That Committee of the Whole recommends that Council award the approved 2024 Community Grants.

BACKGROUND/PROPOSAL:

The 2024 Grants program has a proposed budget of \$3,300,000.00 out of which community grant funding is allotted. This is the first 2024 community grant intake, with the second intake deadline on April 15, 2024, as per Policy 8015.

Historically grants, sponsorships and donations were funded from the community services grants budget, however, in the proposed 2024 budget, sponsorships and donations now have their own line.

Council approved the updated Policy 8015- Community Impact Grants in November 2023. This revised policy includes an operational funding cap of \$40,000.00 and a capital funding cap of 50% of the total project or program cost, up to a maximum of \$100,000.00. Please note this policy was not in effect at the grant deadline date of October 15th, however, Council may reference the updated Policy during discussions.

To aid Council in the grant review process, Administration is recommending that a decision framework be established. The following questions may be considered:

- 1) What types of groups or organizations should Greenview fund?
- 2) What is the criteria used when funding events?
- 3) Will Greenview fund charitable organizations?
- 4) Will Greenview fund groups competing with private industry?
- 5) Is there a degree of consistency and fairness?

A summary of the grant requests has been categorized into a spreadsheet. Administration provided recommendations with the grant applications for Council's consideration.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of accepting the recommended motion is that Committee of the Whole will recommend that Council award the 2024 Community Grants accordingly.

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. There are no perceived disadvantages to the recommended motion.

ALTERNATIVES CONSIDERED:

Alternative #1: Committee of the Whole has the option to make alterations to the recommended amounts within the grant listing presented, considering the updates to Policy 8015 during discussions.

Alternative #2: Committee of the Whole has the alternative to defer any of the applications and request a presentation at a future Committee of the Whole meeting.

FINANCIAL IMPLICATION:

Direct Costs: \$823,888.86

Ongoing / Future Costs: N/A

STAFFING IMPLICATION:

There are no staffing implications to the recommended motion.
