This is an aquafit class with your infant. It is a fun way for you to get a full body workout while babies aged 6-18 months get water exposure. You both get to socialize with other families. Here are a few tips... to save last-minute scrambling and stress:

- pack up as much as possible the evening before
- Baby supplies, extra diapers, etc.
- Baby swim diaper and swimsuit, two towels.

Change baby **FIRST** after class. The air will feel cool when you return to the changing room after class. Most parents focus on getting babies into warm and dry clothes and then change themselves.

Don't stress, and just go. Whatever happens, take a deep breath and think of all the benefits of getting out and exercising with your baby. It's not always smooth, but it's always worth it to improve your physical, mental and social health. You will both get the hang of it soon!
