Greenview Approves the Sale of Municipal Lot in Grande Cache

A proposal has been submitted to Administration to buy a section of municipally held land in the Grande Cache hamlet, officially known as Plan 972 0898, Block 38, Lot 3PUL, which is located about 100 meters (330 feet) north of the tourism centre. The relevant land is a Public Utility land (PUL) and measures around 0.935 hectares (2.31 ac). The applicant is interested in purchasing the nearby, vacant PUL because they also intend to purchase Lot 2, next to the PUL, to build a training facility to assist future mining operations near Grande Cache. However, the lot is not large enough for the intended facility. The purchase of this additional land will allow the applicant to complete construction of their training facility. Council approved the sale of approximately 0.768 hectares (1.9 acres) of Plan 972 0898, Block 38, Lot 3PUL for fair market value as determined by a third-party appraisal, subject to subdivision and consolidation with the adjacent lands described as Plan 972 0898, Block 38, Lot 2.
