Administration of a Municipality

Council's role is to establish policy, levels of service and direction for the municipality. It is the job of Administration to implement the policy direction and provide the level of service. Alberta municipalities have competent and dedicated administrators. The Chief Administrative Officer (CAO) is the only employee of Council, and Council relies on the support, advice, and assistance of the CAO to be an effective Council. The CAOs training, experience, and understanding of how and why things have developed the way they have is an important resource for Council.

Time Commitment

The time commitment required on Council business varies significantly depending on the number of training opportunities, committees and boards a Councillor is appointed to serve on or attend. Councillors are required to be available for frequent intermittent periods of time throughout each week during business and evening hours.

Councillors will attend Regular Council Meetings, which are held every second and fourth Tuesday of the month, and a monthly Committee of the Whole meeting. Councillors are also required to attend various Committee, board meetings, and Special Council meetings (see list on page 7).

Greenview Procedural Bylaw – 21-876

Municipalities are required to offer orientation training to be held within 90 days after each Councillor takes the Oath of Office. All Councillors are required to take Councillor Orientation following a municipal election. For new Councillors, this training provides an overview of Council roles and responsibilities, as well as an overview of Greenview's departments and operations and the role of Administration. For returning Councillors, this is an opportunity for a refresher. The training must be offered within three months of the election, and will either be conducted internally by Greenview, or in conjunction with other municipalities.

Will I be required to use a computer?

Yes. Greenview utilizes an electronic agenda process, which eliminates paper copies for all meeting agendas. In accordance with [Policy 1019 Issuance of Digital Communication Tools](#), Greenview will supply each Councillor with a laptop or tablet to use during their tenure. Administration will contact each member of Council to schedule attendance at meetings and/or events via e-mail.

Am I eligible to run for Council?

- The Returning Officer is of the opinion that there may have been an administrative or technical error that may have caused an error in the count of votes.
- In a scenario with only two candidates:
 - The Returning Officer may call for a recount if the losing Candidate applies for a recount because there is a difference of 0.5% of votes between the winning candidate and the candidate with the 2nd highest number of votes.
- In a scenario with more than two candidates:
 - The Returning Officer may call for a recount if the Candidate with the highest insufficient number of votes applies for a recount because of a 0.5% discrepancy in the number of votes between the winning candidate and the candidate with the lowest number of votes.

(Section 98, Local Authorities Election Act)

When can a recount happen?

- An application for a recount may be made within 48 hours immediately following the statement of results on Election Day. No applications for a recount will be accepted by the Returning Officer after the prescribed 48 hours has passed.
