Recycling safety

Keep items like batteries and electronics out of your curbside recycling. Batteries can cause fires and harm workers.

There are specialized programs in Alberta to collect these items and ensure they are recycled safely.

If it lights up, beeps, buzzes or charges, it probably has a battery and doesn't belong in your household recycling.

Find a drop-off location

Scan to learn more on how to safely recycle these materials and/or find a drop off location near you.
