

MEADOWS TO MOUNTAINS

FALL 2026 ISSUE #17

MESSAGE FROM THE REEVE

Welcome to the fall edition of Greenview's Meadows to Mountains newsletter.

Fall is always a busy time across Greenview. As harvest continues and we enjoy the last weeks of warmer weather, our crews are already preparing roads, facilities and equipment for the winter months ahead. Council and Administration are also beginning the 2027 budget process, reviewing priorities and planning for the year ahead.

This summer, Council launched Greenview's new 2026-2029 Strategic Plan, which will help guide our decisions and priorities over the next four years.

For residents, the plan provides a clear picture of where Council is focusing its efforts and how those priorities will influence municipal services, infrastructure, economic development and future investment. It also provides an important framework as we head into budget discussions, helping ensure the decisions we make today support the long-term needs of our communities.

We also know there are plenty of questions in the community about the Wonder Valley Data Centre project currently being considered for the Greenview Industrial Gateway (GIG). In this edition, you can read more about the recent roundtable meetings, the questions we heard from participants and some of the answers Greenview provided.

September also marked the 9th Annual Greenview Charity Clay Shoot. Thank you to our corporate sponsors, participants, volunteers and everyone who helped make this year's event a success. Over the summer, we asked residents to share their perspectives through Greenview's Resident Satisfaction Survey. Thank you to everyone who took the time to participate.

Municipal District of
GREENVIEW

continued...

Your feedback helps Council better understand what is working well, where there are opportunities for improvement and what matters most to the communities we serve. A What We Heard Report summarizing the results will be available later this fall.

We are also continuing to explore the opportunity for an All-Season Resort Area designation in the Grande Cache area. Our first public information session was held in September to share information and begin the conversation about what a potential designation could mean for the area. Once the Grande Cache All-Season Resort Advisory Committee is formed, Greenview will host additional information sessions and public engagement opportunities. There is still considerable work ahead, and input from residents and stakeholders will be an important part of the process.

Something to be aware of this fall is the Government of Alberta's Draft Berland Sub-Regional Plan. I encourage residents, landowners, and businesses who live in, work in, or have an interest in the Berland area to take the time to review the draft and provide your feedback directly to the Government of Alberta before November 12, 2026. More information about this project and a link to the Province of Alberta's survey are included within this newsletter.

As we head into the final months of 2026, there is plenty of work underway across Greenview. Council remains focused on the priorities we have set for the municipality while continuing to listen to residents and plan responsibly for the future.

On behalf of Council, I wish everyone a safe and productive fall season.

Reeve Ryan Ratzlaff

2026 REGULAR COUNCIL MEETING DATES

Unless otherwise specified, all meetings take place in the Council Chambers at the Valleyview Administration Building beginning at 9:00 am.

- October 13, 2026
- October 27, 2026
- November 10, 2026
- November 24, 2026
- December 8, 2026
- December 22, 2026

2026 COMMITTEE OF THE WHOLE MEETING DATES

Meetings begin at 9:00 am.

October 20, 2026

- DeBolt Public Service Building

November 17, 18, 19 & 20, 2026

- Budget Deliberations

December 15, 2026

- Valleyview Administration Building

GREENVIEW**

GREENVIEW COUNCILS STRATEGIC PLAN 2026-2029

Greenview Council has launched its 2026-2029 Strategic Plan, setting the priorities that will guide municipal decisions over the next four years.

THE PLAN FOCUSES ON FOUR AREAS:

- Driving Proactive Asset Management
- Supporting Vibrant Communities
- Planning for Our Financial Future
- Empowering Economic Success

What does this mean for Greenview?

It means planning ahead for the infrastructure and services residents rely on, supporting strong community organizations and recreation opportunities, preparing responsibly for Greenview's long-term financial needs, and creating conditions that support business, investment and tourism.

The Strategic Plan provides Council and Administration with a practical roadmap for the term ahead, helping keep decisions focused on the needs of Greenview today while preparing for future opportunities.

Learn more and read the full 2026-2029 Strategic Plan available at all Greenview Public Service Buildings or online at www.mdgreenview.ab.ca/council-strategic-plan-2026-2029

LEARN MORE | FOLLOW THE PROJECT

WHAT'S HAPPENING WITH THE GIG?

By: Reeve Ryan Ratzlaff

Lots of Greenview residents have questions about Wonder Valley. That's the name of the major infrastructure project that the proponent, O'Leary Digital Limited (ODL), wants to build on the Greenview Industrial Gateway (GIG), which the MD of Greenview owns, about 40 kilometers south of Grande Prairie on Highway 40.

Council and administration at Greenview have been working on the GIG for more than a decade to prepare the site for an industry partner. We've talked about different options over the years – petrochemicals, oil and gas – but we've never heard as much public interest in the GIG as we are hearing right now.

That's because the project we're talking about putting in there is a data center for artificial intelligence (AI), and people may have mixed ideas about what it means.

I recently attended some community roundtable meetings the ODL team held in Grande Prairie and Grovedale, to hear from some Greenview residents and regional neighbours. Here are some of the questions we heard, with some of the answers Greenview provided about the GIG.

Will the Wonder Valley project use all the space in the GIG?
That's the plan. ODL is taking a phased approach to the project

over many years. If and when it is fully built out it will occupy the entire GIG. ODL will build the infrastructure and be responsible for all regulatory compliance, during construction and operations.

Will the MD of Greenview have any say in who uses the data center?

Not directly, no. Greenview will review all development permits that the ODL team applies for, ensuring they meet criteria before approval, but we won't have any more control than we would over a landlord seeking to rent apartments. For ODL, their tenant at Wonder Valley will be a major technology company, like Google or Amazon, that uses lots of data for AI applications.

Why is the water license approach different for this project than other data centers?

Because the GIG has been in the works for many years. We first started the water license application process about six years ago, long before anyone was talking about a data center. The draw from the Smoky River for Wonder Valley will be about 0.05 percent of the flow rate, pulled only when the river is high (between May and October). The water license has many other conditions and restrictions as set out by Alberta Environment and Protected Areas, and the Wonder Valley project will use a lot less water than other industries.

What will you do to protect your residents from increases to power bills?

Wonder Valley will not be connected to the local electricity grid. There's no need. The GIG is located atop a large natural gas deposit, with easy access already built in. It will allow natural gas production to provide all the electricity Wonder Valley needs, without increasing costs for local ratepayers.

I encourage everyone to keep an eye on our GIG website (www.greenviewindustrial.ca) and on the Wonder Valley website (www.olearydigital.ai) to learn more about the project. There will be more opportunities for Greenview residents to meet and chat about the GIG and the Wonder Valley project, so stay tuned.

You can contact the GIG team at giginquiries@mdgreenview.ab.ca.

DRAFT BERLAND SUB-REGIONAL PLAN

The Government of Alberta has released the Draft Berland Sub-Regional Plan for public review and is asking Albertans to provide feedback.

The plan provides direction for how land and activities in the Berland area could be managed, including roads and access, forestry, oil and gas activity, recreation, environmental management and other land uses.

If you live, work, recreate or have an interest in the Berland area, take some time to review the draft and provide your feedback directly to the Government of Alberta.

The Government of Alberta is accepting feedback until November 12, 2026 – Scan the QR code for more information.

ELECTIONS ALBERTA - REFERENDUM

On October 19, 2026 Canadian citizens who's primary residence is in Alberta will have the unique opportunity to vote in the referendum that will help shape the future of our province.

Everyone will need to vote at their own community voting place either on an **ADVANCE VOTING DAY (OCTOBER 13-17)** or the **REGULAR VOTING DAY (OCTOBER 19)**. Alternatively a mail in ballot can be obtained by applying online through the Elections Alberta website.

There will be 10 referendum questions, each having its own ballot. To facilitate a pleasant voting experience please ensure you are registered to vote, that you have the proper identification to be able to vote and that you are in the correct place to cast your vote. To avoid the line ups it is recommended people acquire a mail in ballot at specialballot.elections.ab.ca

If you are eligible to vote, you can vote during the Advance voting period at any of the following locations:

ADVANCE VOTING LOCATIONS AND DATES* | 9:00 am - 8:00 pm

- DeBolt Community Hall, 65 Alberta Ave | October 14, 2026
- Fox Creek Greenview Multiplex, 103 2A Ave | October 15,16, 2026
- Valleyview SunValley Pioneer Centre, 4715 51 Street | October 13,14,15,16, 2026
- Grande Cache Royal Canadian Legion #278, 2400 Pine Plaza Road | October 13,14,15,16, 2026

**Locations and dates are subject to change. For the most current information, please visit Elections Alberta at www.elections.ab.ca*

PUBLIC SERVICE BUILDINGS

Office Hours

Monday to Friday

8:00 a.m. to 12:00 p.m.

1:00 p.m. to 4:30 p.m.

(closed on Statutory Holidays)

RESIDENTIAL PROPERTY TAXES

ARE DUE ON NOVEMBER 16, 2026.

To avoid penalties, please ensure payment is received by the due date.

If you have any questions about your property taxes or payment options, please contact Greenview's Administration Office at (780) 524-7600.

MUNICIPAL DEVELOPMENT PLAN REVIEW UPDATE

MDP Review: Phase 1 Engagement Complete

Phase 1 of public engagement for Greenview's Municipal Development Plan (MDP) Review is now complete.

Thank you to everyone who participated by attending one of our community Open Houses, completing the online survey, adding comments to the interactive map or sharing feedback through the project page. Your input will help inform the next stage of the MDP Review.

Feedback received during Phase 1 has been compiled into a What We Heard Report, which is now available on the project page.

What Happens Next?

Work will now continue on the updated draft Municipal Development Plan, incorporating community feedback and other information gathered during the review.

Phase 2 engagement is anticipated for the first quarter of 2027. During this phase, the updated draft MDP will be shared with the public, providing another opportunity for residents and stakeholders to review the plan and provide feedback.

Visit the MDP Review project page on Engage Greenview to read the What We Heard Report and follow the project as it moves into the next phase.

TOWNSHIP ROAD 690 AREA STRUCTURE PLAN

In the Grovedale Area

The Township Road 690 Area Structure Plan (ASP) will establish a long-term vision for how land in the Township Road 690 area could grow and develop over time. Rather than considering future development on a project-by-project basis, the ASP provides a coordinated framework to help guide decisions about where different types of development may be appropriate, how people and goods will move through the area, what infrastructure and municipal services may be needed, and how future growth can occur in an orderly and responsible way.

Area Structure Plans are an important part of preparing for growth before it happens. The Township Road 690 ASP will consider matters such as future land uses, road networks and transportation connections, servicing and infrastructure, development patterns, and compatibility between neighbouring uses.

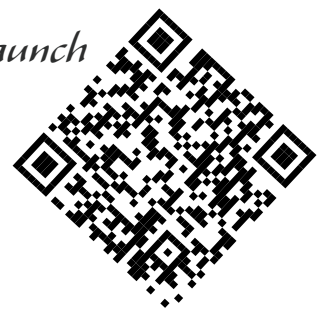

Once complete, the plan will provide direction for future development applications and help Greenview, landowners, developers, and the community understand the long-term vision for the area.

Community input is an important part of that process. Residents, landowners, businesses, and stakeholders are encouraged to follow the project and take part in engagement opportunities as they become available. Feedback received throughout the planning process will help identify local priorities, opportunities, and concerns to consider as the plan is developed.

The next opportunity to provide feedback on this project is expected to launch this fall.

The next opportunity to provide feedback on this project is expected to launch this fall.

The project page is the best place to follow the ASP from start to finish. Scan the QR code to find current project information, engagement opportunities, background materials, key documents, and updates on upcoming milestones.

Learn more and follow the project to provide your input.

ENGAGE WITH GREENVIEW ON THE OFFICIAL ENGAGEMENT PLATFORM

A DIFFERENT APPROACH TO DUST CONTROL

Greenview continued its use of SB-90 road treatment this summer, providing a dust-free driving surface on two additional gravel roads.

SB-90 is a non-emulsified road oil that is applied to gravel roads to create a smooth, stabilized surface. The oil is applied by a distributor truck, mixed into the road with motor graders, and then compacted. Once cured, the surface repels water while providing an asphalt-like driving surface that can still be maintained and repaired.

This year, Construction & Engineering oversaw the application of SB-90 on approximately nine kilometers of Old High Prairie Road in the New Fish Creek area and nine kilometers of Goodwin Road near DeBolt.

Greenview first used SB-90 in 2025 on Range Road 230, west of Valleyview, and on Range Road 64 in the Grovedale area. Following positive feedback from ratepayers, Greenview expanded its use to additional roads in 2026.

IMPROVEMENTS TO 100 STREET IN GRANDE CACHE

Construction along 100 Street in Grande Cache included several improvements to the service road and pedestrian infrastructure.

Work extended approximately 860 metres from Shand Avenue south to 98 Avenue and included asphalt maintenance, curb and gutter improvements, and new sidewalk along the business side of the service road.

The project began September 1 and was expected to be completed prior to the release of this newsletter.

Voyent Alert! For Greenview Residents - drop your pin and receive local information that matters to you!

The system provides emergency notifications, and may include updates on:

- Road closures and detours
- Water and sewer disruptions
- Service interruptions

Residents can choose how they receive alerts, including:

- Mobile app
- Voice calls to home or mobile phones
- Text (SMS)
- Email

ANOTHER SUCCESSFUL GREENVIEW CHARITY CLAY SHOOT

The 9th Annual Greenview Charity Clay Shoot brought together 92 participants on September 3 at the Wapiti Shooters Club in Grande Prairie for a day of friendly competition in support of our communities.

Since the event began, the Greenview Charity Clay Shoot has raised more than \$400,000 for food banks and non-profit organizations serving Greenview communities.

Once again, this year, funds raised by the event will be distributed equally among the five food banks that serve Greenview residents, helping these organizations continue to provide food and support to individuals and families across our communities.

The continued success of the event would not be possible without the participants and corporate sponsors who return each year to support the cause.

Thank you to everyone who participated, sponsored or helped make the 9th Annual Greenview Charity Clay Shoot a success. Your support helps local food banks continue their important work throughout Greenview.

GREENVIEW OPERATIONS UPDATE

From preparing for another snowplowing season to drainage improvements and ongoing road maintenance, Greenview Operations crews have been busy maintaining infrastructure across the municipality.

Rural Snowplowing: Register by October 30

Winter may not be here yet, but now is the time to register for Greenview's Rural Residential Driveway Snowplowing Program for the 2026-2027 season.

All participants must apply or renew each year, including those who have previously participated in the program.

APPLICATIONS AND RENEWALS MUST BE COMPLETED BY THE LAST FRIDAY IN OCTOBER, WHICH FALLS ON OCTOBER 30 THIS YEAR.

Participants must also make sure their snowplow sign displays the current annual registration sticker so crews can confirm the property is registered.

Applications, signs, and registration stickers are available at the Valleyview Administration Building and the Public Service Buildings in DeBolt, Grovedale, and Grande Cache.

Driveways are cleared as time and operational priorities allow, using available equipment best suited to each area.

For more information, please call 780.524.7600 or scan the QR code:

Improving Roads and Drainage Across Greenview

Operations crews have completed several infrastructure improvements this season to help protect Greenview's road network and improve driving conditions.

Multiple aging culverts have been replaced with larger-capacity installations in the Valleyview North, New Fish Creek, DeBolt and Puskwaskau areas. The larger culverts improve drainage, help manage spring runoff and reduce the risk of water damaging municipal roads.

Additional ditch cleaning and drainage improvements have also been completed in several areas. Greenview's road regravelling program was completed across all operational areas, including the entire Forestry Trunk Road. Regular gravelling helps maintain driving surfaces and extends the service life of gravel roads.

In Grande Cache, roadway repairs are continuing as part of the Sewer Line Road upgrade project.

Road Safety Starts With All of Us

Throughout the year, Greenview crews repair and replace traffic signs, delineators and other roadway safety devices. Residents and motorists can also help keep Greenview roads safe by reporting damaged or missing traffic signs, slowing down in construction zones, driving according to road conditions and watching for crews and maintenance equipment. When you encounter municipal equipment working along a roadway, please slow down, give crews plenty of room and proceed carefully.

ROAD MAINTENANCE: YOUR QUESTIONS ANSWERED

Why are older culverts being replaced with larger ones?

Some older culverts were installed decades ago and may no longer adequately handle current water volumes. Larger culverts can improve drainage, reduce the risk of flooding and help protect the roadway from water damage.

Why is road work sometimes completed in stages?

Road maintenance involves several different activities, including ditching, culvert replacement, drainage improvements, gravelling and surface repairs. Work must also be coordinated around weather, equipment schedules, contractor availability and operational priorities throughout Greenview. As a result, some projects are completed in several stages.

How does Greenview decide which roads are repaired first?

Operations staff consider several factors when prioritizing road maintenance, including safety, road conditions, drainage needs, traffic volumes, available funding and operational requirements across the municipality. These factors help determine where work is needed most while maintaining consistent service levels throughout Greenview.

WINTER IS COMING – STAY SAFE ON ICY SURFACES

As the temperatures begin to drop, winter weather is just around the corner. With snow and ice comes an increased risk of slips, trips and falls.

We remind all residents and visitors to take extra care when walking on sidewalks, in parking lots, on pathways, and around buildings. Ice can be difficult to see, especially in shaded areas or when temperatures fluctuate throughout the day.

A little extra caution can go a long way toward preventing a winter slip or fall.

Stay safe, stay alert, and enjoy the winter season!

A FEW SIMPLE REMINDERS:

- ❄ Watch your step and slow down when walking on icy surfaces.
- ❄ Wear appropriate footwear with good traction.
- ❄ Use handrails where available.
- ❄ Keep your hands free rather than in your pockets when walking on ice.
- ❄ Be especially careful when getting in and out of vehicles.

ENVIRONMENTAL SERVICES UPDATE

Ridgevalley Wastewater System Upgrades Continue

Work is progressing on upgrades to Ridgevalley's wastewater treatment system, with significant construction completed throughout the summer.

The existing lagoon has served the community for more than 40 years. The current project will modernize the system to meet today's wastewater treatment needs and provide reliable service for the community into the future.

The project includes a new aerated treatment pond, upgrades to the lift station and force main, and a new Submerged Attached Growth Reactor (SAGR) treatment system.

What is a SAGR?

A SAGR adds another stage to the wastewater treatment process. It helps remove ammonia from wastewater before the treated water is released back into the environment.

The system is designed to continue performing effectively in colder temperatures, making it particularly well suited to northern communities such as Ridgevalley.

Together, these improvements

will provide more effective wastewater treatment and support Ridgevalley's needs for years to come.

Updates to Greenview's Commercial Waste Bin Policy

Greenview has updated Policy 4022: Commercial Waste Bins to provide clearer guidelines for customers, support safe and efficient collection, and better define the responsibilities of Greenview and property owners.

What Has Changed?

Expanded Service Eligibility Commercial waste bin service is available to eligible properties in the Grande Cache area with approval from Greenview Administration. The updated policy also allows commercial bins to be authorized temporarily for residential property clean-outs.

Clearer Waste Guidelines

Commercial bins are for bagged, non-hazardous solid waste. Construction and renovation materials, hazardous waste, electronics, oversized items, recyclable materials and yard waste cannot be placed in commercial bins.

Updated Bin Requirements

Bins must have at least one metre of clearance on each side and behind the container, as well as three metres of overhead clearance. Bins must remain accessible for collection. If a bin is locked, it must be unlocked by 7:00 am on collection day.

Service Suspension and Reinstatement

Accounts that remain outstanding for 120 days may have service suspended or discontinued, and the bin may be removed. Outstanding amounts must be paid or otherwise resolved before service can be reinstated. Additional conditions may also apply. These changes provide commercial waste customers with clearer information about using the service while helping Greenview provide safe, reliable and responsible waste collection.

Final Closure Underway at the Former Grande Cache Landfill

This summer, Greenview began the final closure of the former Grande Cache Landfill, continuing the transition to the Grande Cache Transfer Station.

Did you know? Closing a landfill involves much more than simply ending waste disposal.

As part of the closure process, the landfill area is reshaped and levelled before a permanent cover is installed over the waste. Drainage improvements are completed to help direct rain and snowmelt away from the site, while erosion control and site restoration help stabilize the area and protect it over the long term.

Even after the closure work is complete, Greenview will continue to monitor and manage the former landfill site as part of its ongoing environmental responsibilities.

Where Can I Take My Waste?
The Grande Cache Transfer Station remains open, along with local recycling services. Residents can continue to use these facilities for their waste disposal and recycling needs.

AGRICULTURAL SERVICES NEWS

Producer Input Form: Help Shape 2027 Agricultural Programs

Greenview's Agricultural Services Department is looking for producer input to help guide future extension, education, and outreach programming. Producers are encouraged to complete the Agricultural Producer Input Form to share priorities, challenges, and topics of interest. The information collected will establish a baseline for Agricultural Services programming and help ensure future initiatives meet the needs of local producers. **SCAN THE QR CODE TO COMPLETE THE ONLINE FORM.**

Feed Testing Program

Do you know what is in your feed? Feed testing is a valuable management tool that can help livestock producers understand the nutritional quality of their feed and make informed feeding decisions.

Through the Peace Country Beef & Forage Association Feed Testing Program, producers can use test results to:

- Develop more balanced rations
- Identify potential nutrient deficiencies
- Reduce unnecessary feed and supplement costs
- Support livestock health and productivity

Feed quality can vary from year to year, and even between fields or bales. Testing helps take the guesswork out of your feeding program. Samples are shipped directly from Valleyview every Monday.

Wetland Restoration Program Seeking Interested Landowners

The MD of Greenview, in partnership with Alberta Environment and Protected Areas, continues to support wetland restoration projects throughout the municipality. **The program works with landowners interested in addressing local concerns such as flooding, water retention, and surface water protection.**

All design, construction, and restoration costs are fully covered through the program, with no financial contribution required from participating landowners. Following restoration, the wetland will be maintained and monitored through the program. Contact: Portia Lloyd, Associated Environmental Consultants Inc. (on behalf of Greenview)
Phone: 587-686-6672
Email: llyodp@ae.ca

2027 Shelterbelt Tree Interest Form

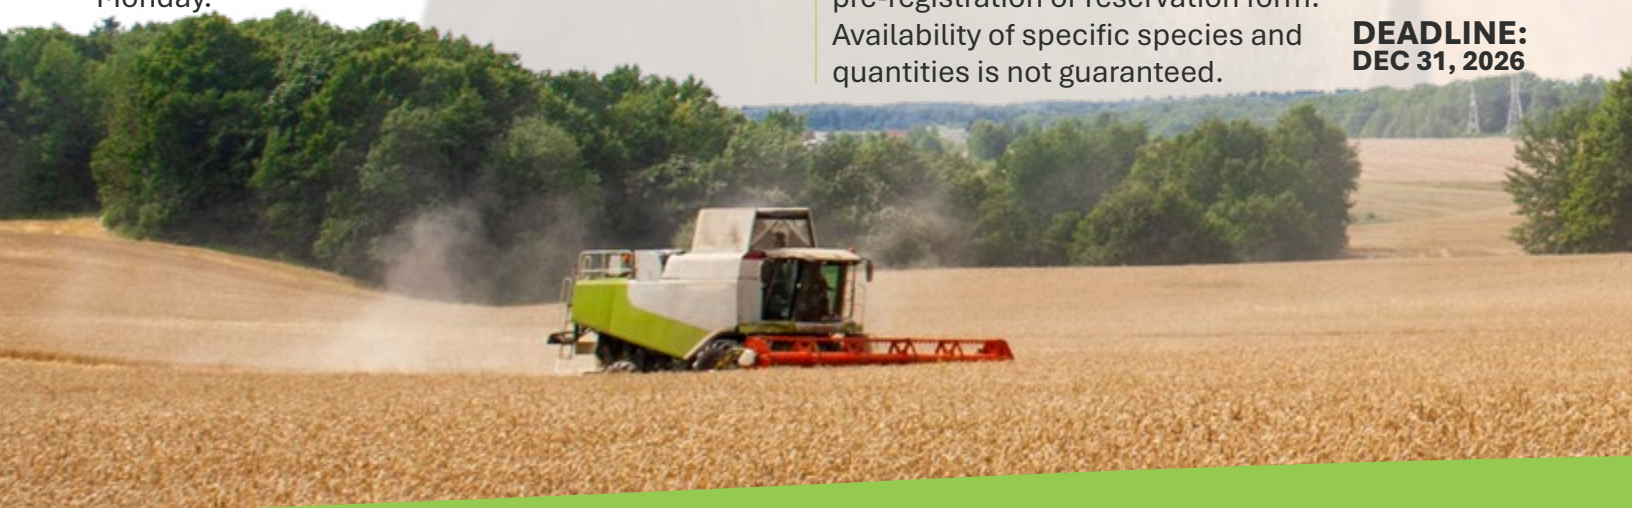

What would you like to see in Greenview's Shelterbelt Tree Program?

We're planning ahead and want to know which trees, shrubs, and plants Greenview residents and producers are interested in.

Fill out our short form and let us know what you would like to see offered. Your feedback will help guide our ordering decisions for the upcoming Shelterbelt Tree Program. Please note that this survey is for planning purposes only and is not a pre-registration or reservation form. Availability of specific species and quantities is not guaranteed.

**DEADLINE:
DEC 31, 2026**

GRASS Program

The Greenview Riparian and Agriculture Sustainability Support (GRASS) Program assists producers with projects that improve environmental sustainability while supporting agricultural operations. Through this cost-share program, Greenview provides 50% funding to a maximum of \$5,000 per project. Eligible projects must demonstrate an environmental benefit and protect or enhance riparian or environmentally sensitive areas affected by agricultural activities.

Eligible projects include off-site watering systems, livestock crossings, beaver mitigation projects, riparian vegetation enhancements, and riparian fencing. Ineligible projects include new dugouts or wells, general fencing unrelated to environmentally sensitive areas, and projects required by subdivision regulations.

Deadstock Management Panel Discussion

Join Agricultural Services for an informative Deadstock Management Panel Discussion focused on practical solutions and best management practices for livestock producers. A panel of knowledgeable speakers will discuss options, regulations, challenges, and opportunities surrounding deadstock management in the region. This event is open to all producers and interested community members. Supper will be provided.

DATE: October 23, 2026

TIME: 4:30 pm – 7:30 pm

LOCATION: DeBolt Community Centre

COST: Free to attend

REGISTRATION: Required for supper planning.

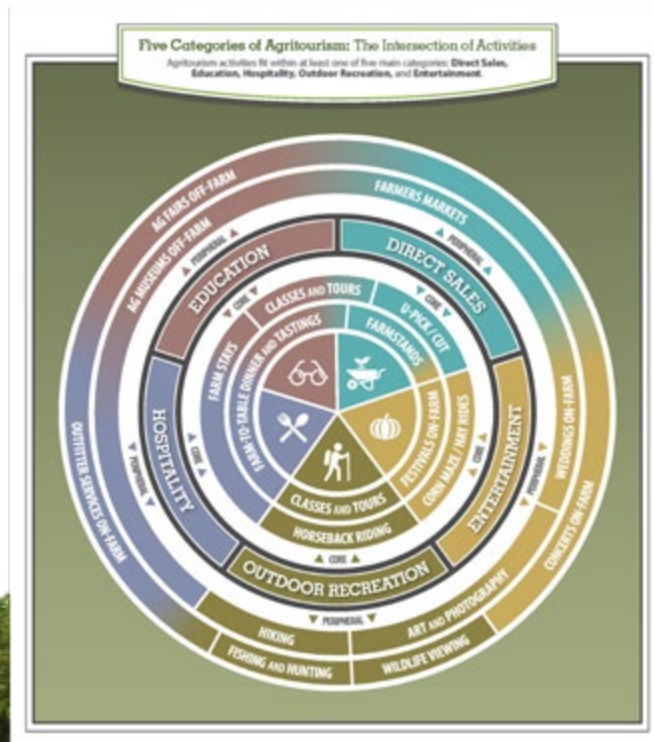

Agritourism Event Coming This November

Agricultural producers, local businesses, and tourism operators are invited to participate in an Agritourism Event taking place on November 7, 2026, at the Smoky River Community Hall in Falher.

Hosted in partnership with Alberta Agritourism, Big Lakes County, M.D. of Smoky River, Northern Sunrise County, and the MD of Greenview, this event will highlight opportunities to diversify farm operations, attract visitors, and strengthen connections between agriculture and tourism.

Agricultural producers and businesses interested in exhibiting, hosting a booth, participating as a speaker, or showcasing their products and services are encouraged to contact Agricultural Services at agricultural.services@mdgreenview.ab.ca. Stay tuned to our Facebook page for more details!

For more information on these and other Greenview Agricultural Services programs or events, please reach out to us.

Phone: 780-524-7621

Email: agricultural.services@mdgreenview.ab.ca

SMALL BUSINESS WEEK

Small businesses play an important role in the communities where we live, work and play. Small Business Week, **October 19 to 23, 2026**, is an opportunity to recognize their contributions, strengthen connections and celebrate the people behind our local businesses.

This year, there are several events happening across the region, giving businesses and community members opportunities to connect and celebrate.

Greenview Business Mixer | October 20 - 4:30 to 8:00 pm in DeBolt

Greenview's Economic Development team invites Small-business owners from DeBolt, Ridgevalley, Crooked Creek, Little Smoky, Grovedale, the Town of Valleyview and surrounding communities to attend a dinner and networking event on October 20, at the DeBolt Community Hall, 65 Alberta Avenue, DeBolt, AB T0H 1B0.

Connect and learn about the products and services available in the area. Attendees are encouraged to bring business cards for networking. *Scan the QR code to register:*

Small Business Week in Grande Cache

Greenview Economic Development is once again partnering with the Grande Cache Chamber of Commerce for a Small Business Week event in Grande Cache.

Event details will be announced closer to the date. Follow the Grande Cache Chamber of Commerce Facebook page for updates.

Grande Prairie & District Chamber Small Business Week

The Grande Prairie & District Chamber of Commerce will host its annual Small Business Week events and awards from October 19 to 23, 2026. Businesses throughout the region can take part in the week's activities and nominate a deserving business, including their own, for a Small Business Week award.

Visit the Grande Prairie & District Chamber of Commerce website for event details and award nomination information.

We look forward to connecting with businesses from across the region and celebrating the contributions they make to our communities.

BENCH AND COMMERCIAL SIGNAGE ADVERTISING IN GRANDE CACHE

Looking to boost your business visibility in Grande Cache?

Bench and commercial signage advertising opportunities are now available in high-traffic areas throughout the community. Applications are open – secure your spot today!

Visit www.mdgreenview.ab.ca/gc-signage for more information.

CELEBRATING 30 YEARS IN GRANDE CACHE

October 5, 2026, marks the 30th anniversary of the Grande Cache Tourism & Interpretive Centre, and we are celebrating all month long!

For three decades, the Centre has welcomed visitors, shared the stories of Grande Cache and served as a gathering place for the community.

To celebrate, we shared 30 Days of History on our social media page to count down the days until the 30th Anniversary. We shared pieces of the Centre's story, from the people who helped bring it to life to memorable moments, milestones and stories from the past 30 years.

f Visit us on Facebook @greenviewtourism

We also invite you to stop by the Centre throughout October, explore its history and help us celebrate 30 years of welcoming visitors to Grande Cache.

Thank you to everyone who has been part of the Centre's story. We look forward to sharing some great memories throughout the month!

30th Anniversary

Youth Fitness Centre Orientation

AGE: 14-17 years old

Did you know: Youth ages 14-17 years are required to attend a mandatory orientation prior to utilizing the Fitness Centre. The Orientation will provide participants with the basics of using the weight machines and cardio equipment, making machine adjustments, and following facility guidelines.

Senior Fitness Center Orientation

AGE: 60+

Join us for a complimentary fitness centre orientation tailored specifically for seniors. Discover a welcoming and inclusive environment where our experienced trainers will introduce you to the equipment, exercises, and safety tips designed to help you achieve your fitness goals.

AQUATICS PROGRAMMING

SWIM FOR LIFE SWIMMING LESSONS (AGE 4 MONTHS – 12 YEARS)

The Parent & Tot Program structures in-water interaction between parent/caregiver and child to stress the importance of play in developing water-positive attitudes and skills. **Age 4 months to 3 years. \$55.00.**

The Preschool Program works to ensure children become comfortable in the water and have fun, developing a foundation of water skills. **Age 3-6 years. \$55.00.**

The Swimmer Program uses in-water practice to help swimmers of all abilities develop their strokes and skills. **Age 5-12 years. \$65.00.**

November Lessons – Tuesdays and Thursdays,
November 3 to 19, from 4:00 pm – 7:00 pm
December Lessons – Mondays and Wednesdays,
November 30 to December 16, 4:00 pm – 7:00 pm

PRIVATE SWIMMING LESSONS (AVAILABLE BY REQUEST)

Private lessons cater to all ages and skill levels, offering personalized instruction to meet your unique needs and goals. Whether you're a beginner or looking to improve, our expert instructors provide one-on-one guidance to help you progress at your own pace.

Private: \$25.00 / 30 minutes

Semi-Private: \$20.00 / person / 30 minutes

WATER WORKS (NOVEMBER / DECEMBER)

AGE: 16+

DATE: Tuesdays & Thursdays

TIME: 10:00 am – 11:00 am

COST: Registered: \$8.00 per session

Drop-In: \$10.00 per session

Water fitness uses the water's natural resistance and buoyancy against your body to provide a wide variety of conditioning activities. Swimming is not required in water aerobics, and flotation devices are frequently used. Water works is a shallow pool class, and all classes are geared to client comfort levels.

WHAT'S HAPPENING AT THE GRANDE CACHE RECREATION CENTRE?

There is plenty happening at the Grande Cache Recreation Centre this season! Whether you are looking to get active, keep the kids busy, hit the ice or learn about recreation funding opportunities, here are a few things to check out.

Aquatic Centre

Make a splash at the Aquatic Centre! Whether you are stopping in for a swim, getting some exercise or spending time at the pool with family, be sure to check the current schedule before your visit. Aquatic Centre hours may vary. Please contact the Customer Service Desk at 780-827-2446 for current hours of operation.

Find Your Fitness Routine

Looking to add something new to your fitness routine? The Recreation Centre's monthly Fitness Calendar features a variety of classes, activities and programs for different interests and fitness levels.

Whether you are new to fitness, an avid swimmer or regularly hitting the weights and cardio equipment, there are plenty of ways to stay active. Follow the Grande Cache Recreation Centre on social media to find out when each month's Fitness Calendar is available and to keep up with upcoming programs and events.

Something for the Kids

Get ready for fun, friends and something new each month! Child Programming is offered three days a week, giving kids plenty of opportunities to get active, play games and spend time with others. Each month features a different theme with new activities to keep things interesting.

Cost: \$5 per session, per child

Space may be limited, so register early by contacting the Customer Service team. Monthly program-

ming calendars and updates are also shared on social media.

Arena Season is Here!

Lace up your skates because arena season is in full swing!

The Grande Cache Recreation Centre offers a variety of public ice times throughout the season, including child, youth and adult shinny, Stick & Puck, public skating and more.

Admission is included with a Recreation Centre membership or available at the regular daily drop-in rate.

Need the ice to yourself? Private arena rentals are also available for practices, parties, group activities and other events.

For current schedules, rental information or upcoming arena events, contact the Grande Cache Recreation Centre Customer Service team.

Recreation Grants & Funding

Have an idea that could support recreation in Grande Cache?

The Grande Cache Recreation Board offers grants and funding opportunities to help support eligible recreational projects and community initiatives.

Visit www.mdgreenview.ab.ca and look under Greenview Gives Back to learn more about available funding opportunities and how to apply.

Aquatic Centre Updates

Save the Date: Pool Fun This Fall!

Looking for something fun to do at the Grande Cache Recreation Centre? Mark your calendar for these upcoming pool events!

Wave Rave

Grab your friends and spend an evening at the pool! Wave Rave is open to youth ages 10 to 14 and offers a fun night out for just \$5.

Dates: October 30, November 27 & December 18

Time: 8:00 pm to 9:30 pm

Cost: \$5 per person

Ages: 10 to 14

Wibit Weekend

On your mark, get set...have fun!

The Wibit inflatable obstacle course is taking over the 25-metre pool from October 9 to 12, 2026. Run, climb, jump, balance and slide your way through the course. Challenge your friends or see if you can make it all the way through without making a splash!

Come ready to climb, splash and have some fun in the pool!

Did You Know? Junior Lifeguard Club

For kids who love the water and are ready for something beyond traditional swimming lessons, the Junior Lifeguard Club (JLC) offers an active and engaging way to build skills in the pool.

Designed for youth ages 8 to 15, JLC combines swimming, lifesaving skills, fitness and plenty of activity in a fun group environment. The program is a great option for quick learners, youth who are between swimming levels, or anyone who enjoys learning through hands-on activities.

Bring a Friend or Sibling!

One of the great things about Junior Lifeguard Club is that participants of different ages and swimming abilities can take part together. Friends and siblings

can sign up for the same program, making it an easy way to stay active and learn new skills together.

To participate, youth must be able to meet the Lifesaving Society's Swim to Survive® standard:

- Roll into deep water
- Tread water for one minute
- Swim at least 50 metres

JLC gives young swimmers a chance to challenge themselves, build confidence in the water, and get a taste of the skills lifeguards use.

Love the water? Junior Lifeguard Club could be your next challenge!

Fitness Program Updates

Grande Cache Recreation Centre has plenty of ways to keep moving, stay active and have some fun this fall.

Find a Fitness Class That Works for You

Monthly fitness calendars are available online or as paper copies at the Grande Cache Recreation Centre. With a variety of classes and activities available, there are plenty of options to add to your fitness routine.

Movember Spin-A-Thon

Get ready to pedal for a good cause! The annual Movember Spin-A-Thon returns this November in support of men's health awareness.

Individuals and teams of up to four people take turns spinning for six hours. Whether you want to join the challenge or stop by to cheer on the participants, everyone is welcome.

Watch for posters and more information about this year's date and registration.

Griswold Family Christmas Tree Hunt

Start the Christmas season with a Grande Cache tradition! The annual Griswold Family Christmas Tree Hunt takes place on the first Sunday in December.

Bring the family and a saw, then head out to the designated area to find and cut down your own Christmas tree. Afterward, warm up around the fire with a cup of hot chocolate. Just remember to bring your own mug!

Watch for more details as December approaches.

Mark your calendars! Christmas in the Cache returns to the Grande Cache Tourism & Interpretive Centre on December 11 and 12.

The popular horse-drawn sleigh rides will be back, along with Christmas crafts, festive snacks, storytelling and a local Christmas market. Santa will also make a special appearance, giving families another reason to stop by and enjoy the festivities. And keep an eye out for Hamell the Elf, who will be returning to the Centre for some holiday

mischief! Children can pick up a punch card and visit throughout the season to search for Hamell's latest hiding spot.

Christmas in the Cache is a free community event, and everyone is welcome. Join us for two days of Christmas activities and a chance to celebrate the season together in Grande Cache.

Watch for additional event details as December approaches.

CAMPGROUND SEASON IS WRAPPING UP

As another camping season comes to a close, several Greenview campgrounds and day-use sites will close for the season on **October 13, 2026**.

Seasonal closures include:

- Grande Cache Campground
- Johnson Park, camping loop only
- Kakwa River Provincial Recreation Area
- Moody's Crossing
- Sheep Creek Provincial Recreation Area
- Shuttler Flats Provincial Recreation Area
- Smoky River South Provincial Recreation Area
- Smoky Sunset Landing
- Swan Lake, camping lane only

These sites are expected to reopen in the spring, prior to the May long weekend.

Planning Ahead for 2027?

If you are already thinking about next summer's camping trips, mark these reservation dates on your calendar:

Shuttler Flats Provincial Recreation Area

Reservations open March 1, 2027, at 10:00 am.

Grande Cache Campground

Reservations open April 1, 2027, at 10:00 am.

Thank you to everyone who visited Greenview's campgrounds and recreation areas this season.

We look forward to welcoming campers back in 2027!

FCSS NEWS

Save the Date: Older Adult Information Day

In recognition of National Seniors Day, Green View FCSS is hosting two Older Adult Information Days this October.

Grande Cache: October 6
Valleyview: October 7

These free community events bring together organizations that provide programs, services and supports for Albertans as they age. The day will include informative presentations, lunch and plenty of time to visit and connect with others in the community.

Older Adult Information Day is an opportunity to learn about available resources, make connections and discover supports that can help older adults continue to live well in their communities.

Watch the Green View FCSS Facebook pages in late September for event details. We hope to see you there!

WiseGuyz Returns for a Fifth Year

The WiseGuyz program returns for its fifth year during the 2026-2027 school year at Hillside Jr/Sr High School and Grande Cache Community High School.

Designed for Grade 9 boys, WiseGuyz explores topics that can help youth build healthy relationships and make informed choices. Participants discuss communication, respect and violence prevention, along with how movies, social media and other media can influence their thoughts and actions.

Sexual health is also addressed as part of the program. As a Government of Alberta Approved External Party, Green View FCSS ensures program content aligns with the provincial curriculum.

Parents of previous participants have reported improved communication at home, greater confidence in their sons' ability to remove themselves

from negative situations and increased self-confidence. In addition, 96% of participants have asked to attend WiseGuyz a second or even third time.

Parental consent is required to participate.

Registration opened in September 2026.

For questions about the program or to register your son, contact the Community Resource Centre in your area.

Preventing Elder Abuse Starts with Awareness

Everyone deserves to feel safe, respected and valued as they age.

Green View FCSS offers Elder Abuse Prevention Workshops to help individuals, families, caregivers and community members better understand elder abuse, recognize potential warning signs and know where to turn for help.

Workshop participants learn about:

- Different forms of elder abuse, including physical, emotional and financial abuse, as well as neglect.
- Warning signs and risk factors.
- What to do when you are concerned about someone's safety or well-being.
- Resources and supports are available to help.

Increasing awareness can help community members recognize concerns earlier and connect older adults with appropriate support.

Interested in bringing a workshop to your community? Contact Green View FCSS

Not Sure Where to Turn? We Can Help

Finding the right program, service or financial support can be difficult, especially when you are not sure where to begin.

Green View FCSS Community Resource Centre Coordinators can help residents understand their options and navigate available services.

Coordinators can:

- Talk with you about your individual situation and needs.
- Explain programs and supports that may be available.
- Connect you with appropriate organizations and services.
- Help complete forms and navigate online application processes.

No appointment is required.

System Navigation services are available Monday to Friday from 8:00 am to 4:30 pm (closed between 12:00 – 1:00 pm) at Green View FCSS Community Resource Centres.

You do not need to know which program or organization you need before reaching out. Our coordinators can help you determine where to start.
